

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF ROCKY MOUNTAIN) CASE NO. PAC-E-20-10
POWER’S APPLICATION FOR APPROVAL)
OR REJECTION OF A POWER PURCHASE) NOTICE OF AMENDED
AGREEMENT BETWEEN PACIFICORP) COMMENT DEADLINES
AND FALL RIVER ELECTRIC)
COOPERATIVE, INC.) ORDER NO. 34760

On June 9, 2020, Rocky Mountain Power (“Company”), a division of PacifiCorp, applied for consideration of a Power Purchase Agreement (“Agreement”) with Fall River Electric Cooperative, Inc. (“Fall River”) for energy generated by the Felt Hydro Facility¹ (“Facility”), a small hydro facility in Teton County, Idaho. The Facility is a qualifying facility under the Public Utility Regulatory Policies Act of 1978 and has a nameplate capacity of 7.45 megawatts.

On July 2, 2020, the Commission issued a Notice of Application and Notice of Modified Procedure establishing an August 17, 2020 comment deadline and August 24, 2020 reply comment deadline. *See* Order No. 34717.

On July 31, 2020, Staff sent its Second Production Request to the Company. Staff received responses to requests 8-11 on August 10, 2020 and requests 12-14 on August 11, 2020. Staff determined it would need additional time to sort out its position on capacity payments described in the Agreement.

On August 17, 2020, Staff filed initial comments and asked the Commission to amend the comment deadline to allow additional time to analyze the data and finalize its position on capacity payments through supplemental comments.

At the August 18, 2020 Decision Meeting, Staff asked the Commission to vacate the comment deadlines established in Order No. 34717 and establish new comment deadlines to allow for public comments on October 1, 2020 and reply comments on October 15, 2020.

The Company and Fall River indicated they did not oppose amending the comment deadlines as proposed by Staff.

Based on these facts the Commission amends the comment deadlines to allow for public comments on October 1, 2020 and reply comments on October 15, 2020.

¹ The Felt River Hydro Facility was previously known as CDM Hydro.
