To: [Greg Adams](#)
Subject: RE: Fall River Electric Coop. Felt & Chester Diversions
Date: Wednesday, January 15, 2020 6:25:02 PM

Greg,

I may have confused the projects, but a draft PPA was provided for the existing project. PacifiCorp does not provide draft PPAs on new projects until an interconnection study is provided by the requester.

Thanks, Jake. Will we be receiving a draft PPA for the Chester project as well soon? My understanding was that we would discuss that agreement and you had a proposal to leave a contingency in it related to interconnection timing.

Greg,

I believe the draft PPA for the Felt project was sent by Kyle Moore today. That took a bit longer to pull together than the pro forma because there were some internal questions I needed to have answered before sending it out.

I am not the company lawyer to discuss interconnection issues with. I would direct you to Karen Kruse and Kris Bremer, as they handle interconnection issues separately through PacifiCorp Transmission. I did notify Karen that you had concerns about the interconnection, and I am sure that she or Kris will be able to provide you with more information on what is needed to get your client onto a new Interconnection Agreement. If you reach out to Kris Bremer, please be sure to include Karen as she is counsel for the company on transmission and interconnection matters.

Jake, We received the pro forma PPA last week, but we have not yet received response from PacifiCorp on the other requests made in my letters to you dated December 10, 2019, regarding the Felt and Chester QF projects. Please let us know when we can expect a response on the balance of our requests.

Mr. Adams,
I am reaching out to let you know that I received your letters regarding the Felt and Chester diversion hydro facilities today. I recall speaking with you on the telephone on October 14, 2019, and believe I asked that you direct Schedule 38 requests through Kyle Moore. Until receiving your letters today I had not heard back from him on either of these facilities. In any case, I have meetings scheduled on Friday with the appropriate internal folks and PacifiCorp will be in touch with you once we have more facts in hand.
