BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE APPLICATION)	CASE NO. PAC-E-21-17
FOR APPROVAL OF THE ASSET)	
TRANSFER AGREEMENT BETWEEN)	APPLICATION OF
ROCKY MOUNTAIN POWER AND THE)	ROCKY MOUNTAIN POWER
CITY OF IDAHO FALLS – 733)	
CUSTOMERS)	

Rocky Mountain Power, a division of PacifiCorp (the “Company”), pursuant to provisions of the Electric Stabilization Act, I.C. § 61-332, *et. seq.*, and I.C. § 61-328, hereby files this application with the Idaho Public Utilities Commission (“Commission”) for approval of the Reimbursement and Asset Transfer Agreement (“Agreement”) between Rocky Mountain Power and the City of Idaho Falls d/b/a Idaho Falls Power (“City” or “Idaho Falls”) entered into on July 8, 2021. This Agreement provides for Idaho Falls to purchase certain electric facilities (“Assets”) currently owned and used by the Company to supply electric service to 733 customers throughout the City’s municipal boundaries, as more particularly described in the Agreement and accompanying exhibits. The Agreement also transfers the obligation to provide electric service to these customers (“Transferred Customers”) from the Company to Idaho Falls. In support of this Application, Rocky Mountain Power states as follows:

1. Rocky Mountain Power, a division of PacifiCorp, an Oregon corporation, located at 1407 West North Temple, Salt Lake City, Utah 84116, is authorized to do and is doing business in the State of Idaho. The Company provides retail electric service to approximately 85,600 customers in the state and is subject to the jurisdiction of the Commission. The Company's retail certificated service territory encompasses portions of Fremont, Madison, Teton, Clark, Jefferson, Lemhi, Oneida, Bannock, Franklin, Caribou, Butte, Bingham, Bear Lake and Bonneville counties. Rocky Mountain Power is a public utility in the state pursuant to Idaho Code § 61-129.

2. Idaho Falls, which is located in Bonneville County, owns and operates an electric power system within its municipal boundaries for the convenience of its citizens. The City's municipal service territory is surrounded by Rocky Mountain Power's service territory. The Company currently provides electric service to customers located within the municipal boundaries of the City. The Company is transferring Assets and Transferred Customers to Idaho Falls Power at Idaho Falls' request to minimize duplicative service within the City. Idaho Falls Power has a bona-fide intent and financial ability to provide service to the Transferred Customers.

BACKGROUND

3. Rocky Mountain Power and the City have agreed to a Service Allocation Agreement to reduce duplication of service and promote stability in their respective service areas. The most recent Service Allocation Agreement was approved by the Commission on December 5, 2017, and remains in effect.¹ It specifies that existing customers as of the date of

the agreement will continue to be served by their current electric supplier irrespective of service territory boundaries.² The Commission’s Order approving the Service Allocation Agreement specifically notes that the Service Allocation Agreement complies with the Electric Service Stabilization Act, Idaho Code §§ 61-332 through 61-334C.

4. The Service Allocation Agreement also provides that if the City annexes an area and chooses to provide electric service to customers in that area, it will provide the Company just compensation for lost revenues and the distribution facilities used to serve any customers in that area.³ The Company and the City agreed that just compensation for lost revenues would be an amount equal to 167 percent of each customer’s electric bills from the most recent twelve months of active provision of electric service. In addition, the acquiring utility would purchase the poles, wires, cross arms, insulators, guys and other facilities no longer needed or required by the other utility to service that customer.

5. Over the years, the City has annexed several different areas where the Company had previously been providing service, and transfer of the customers and associated facilities has taken place pursuant to the Service Allocation Agreement and the Commission has approved all such transfers.⁴

REQUEST TO TRANSFER CUSTOMERS AND ASSETS

6. The piecemeal transfers under the Service Allocation Agreement are administratively burdensome. Therefore, the City requested the Company provide an inventory of all customers, assets, and territory within the City's municipal boundaries. After the Company completed the inventory, the Company and the City negotiated the Agreement to transfer Assets and Transferred Customers to the City for a total sale price of \$4,152,351. The Agreement is attached hereto as Attachment 1.

7. The Agreement complies with Idaho Code § 61-328. Specifically, it is in the public interest because: 1) it reduces duplication of electric services within the City boundaries; 2) the City will pay just compensation for the Assets and lost revenues associated with the Transferred Customers in return for the Company transferring service obligation of the Transferred Customers to Idaho Falls; 3) Idaho Falls Power has bona fide intent and the financial ability to operate and maintain said Assets and provide electric service to the Transferred Customers; and 4) the Company will be adequately compensated for the Assets preventing any increase in costs or rates for service to remaining customers. Workpapers supporting the calculation of the sales price are provided with the Application.

8. The Company will notify the Transferred Customers of the proposed transfer of service by letter. The letter will inform the Transferred Customers that: 1) their service may be transferred from Rocky Mountain Power to Idaho Falls Power; 2) the transfer of service is at the request of the City of Idaho Falls; 3) the Idaho Public Utilities Commission approval is

required before transfer of service can occur; 4) the proposal has been submitted to the Commission for consideration; 5) during the Commission's review of this proposed transfer customers have the opportunity to submit any comments or questions. A copy of the customer letter is provided as Attachment 2. The Company will provide notice of the date and time of transfer in a bill insert to Transferred Customers if the Application is approved.

9. For the reason outlined in this Application, Rocky Mountain Power and the city of Idaho Falls jointly petition the Commission for approval of the Asset Transfer Agreement as just, reasonable, and in the public interest.

Agreement automatically shall be amended to comply with such determination, amendment, rule, regulation or order; or, if so ordered, this Agreement shall terminate without effecting transfer of the Transferred Customers to IFP; and in any of the foregoing events, RMP shall not be liable to IFP for damages or losses of any kind whatsoever, including consequential damages, which IFP may sustain as a result of such determination, amendment, rule, regulation, or order, or modification or termination of this transaction.
