On August 8, 2022, Rocky Mountain Power (“Company”), a division of PacifiCorp, applied to the Commission for approval of an Asset Transfer Agreement (“Agreement”) between the Company and the City of Idaho Falls (“City”). Under the Agreement, the City would purchase “certain electric facilities currently owned and used by the Company to supply electric service to Reed’s Dairy.” Application at 1. The Company requests its Application be processed by Modified Procedure.

We now issue this Notice of Application, establish dates for public comments and for the City and Company’s reply, and set the time and date for a Telephonic Public Hearing.

BACKGROUND

The Company and the City entered into a Service Allocation Agreement in 2017 to reduce duplication of service and promote stability in their respective service areas. The Commission approved the service allocation agreement in Case No. PAC-E-17-12, Order No. 33943. Under the Service Allocation Agreement, the City compensates the Company for lost revenues arising from the Customer’s departure. Under the Agreement just compensation for lost revenues is the amount equal to 167% of each customer’s electric bills from the most recent 12 months of active provision of electric service. The City would also purchase poles, wires, cross arms, insulators, guys, and other facilities no longer needed or required by the Company to service the customers.
