On January 24, 2024, Rocky Mountain Power, a division of PacifiCorp (“Company”), applied for approval of certain adjustments to its Irrigation Load Control Program (“ILC”). Participants in the ILC earn cash incentives for reducing their electric consumption during peak demand periods. The Company requests this matter be processed by Modified Procedure with an effective date of April 1, 2024.

At the Commission’s February 6, 2024, Decision Meeting, Staff presented a Decision Memorandum recommending the Commission suspend the proposed effective date to allow additional time to review the Company’s proposal and public comment.

The Commission now issues this Notice of Application, Notice of Intervention Deadline, and Notice of Suspension of Proposed Effective Date.

NOTICE OF APPLICATION

YOU ARE HEREBY NOTIFIED that the Company represents that its contract with Enel X (the third-party administrator of the ILC) is ending, necessitating the formation of a new, updated contract.

YOU ARE FURTHER NOTIFIED that the Company represents that the proposed new, updated contract defines not only the specific services Enel X will perform in connection with the ILC, but also the pricing for the ILC.

YOU ARE FURTHER NOTIFIED that the Company represents that the ILC has changed little over the last decade and anticipates few changes going forward.

YOU ARE FURTHER NOTIFIED that the Company represents that the new, updated contract with Enel X will increase the monetary incentives for ILC participants by 30%, with subsequent annual increases of 2.5%. The Company believes these increases are necessary to avert, and possibly reverse, the declining participation in the ILC experienced during the last decade.

YOU ARE FURTHER NOTIFIED that the Company requests that the Commission approve continuation of the ILC via a new ten-year contract with Enel X, effective April 1, 2024.

YOU ARE FURTHER NOTIFIED that the Company's Application and Attachments are available for public inspection during regular business hours at the Commission's office. These documents are also available on the Commission's website at www.puc.idaho.gov. Click on the "ELECTRIC" icon, select "Open Cases," then click on the case number as shown on the front of this document.

YOU ARE FURTHER NOTIFIED that all proceedings in this case will be held pursuant to the Commission's jurisdiction under Title 61 of the Idaho Code.

YOU ARE FURTHER NOTIFIED that all proceedings in this matter will be conducted pursuant to the Commission's Rules of Procedure, IDAPA 31.01.01.000 *et seq.*

NOTICE OF INTERVENTION DEADLINE

YOU ARE FURTHER NOTIFIED that persons desiring to intervene in this matter to obtain parties' rights of participation must file a Petition to Intervene with the Commission pursuant to this Commission's Rules of Procedure 72 and 73, IDAPA 31.01.01.072 and -.073. **Persons who wish to intervene as a party must file a Petition to Intervene no later than 21 days after the date of service of this Order.** Such persons shall also provide the Commission Secretary with their email address to facilitate further communications. After the intervention deadline runs, the Commission Secretary shall issue a Notice of Parties that identifies the parties and assigns exhibit numbers to each party. Once the Notice of Parties has issued, Commission Staff shall informally confer with the Company and any intervening parties about how to further process this case and shall then report back to the Commission on a proposed case schedule.

YOU ARE FURTHER NOTIFIED that persons who would like to present their views without parties' rights of participation and cross-examination do not have to intervene but may present their views by submitting written comments to the Commission.
