On May 31, 2024, PacifiCorp dba Rocky Mountain Power (“Company”) applied for authority to increase its Idaho jurisdictional revenue requirement by \$92.4 million, or approximately 26.8 percent. Order No. 36229. The Company proposes increasing its revenue requirement by \$66.7 million, or 19.4 percent, effective January 1, 2025, with a second increase of \$25.7 million, or 7.4 percent, effective January 1, 2026.

During its October 8, 2024, decision meeting, the Commission adopted the recommendation of Commission Staff (“Staff”) to set a customer hearing in Pocatello, Idaho, for November 25, 2024. However, a Notice of Customer Hearing was not issued.

During the Commission’s November 6, 2024, decision meeting, Staff presented a decision memorandum recommending that the Commission vacate the customer hearing scheduled for November 25, 2024, and adopt a procedural schedule, including a new customer hearing date. According to Staff, this was necessary as pre-filing testimony before the current customer hearing date was not feasible.

With this Order, we adopt a proposed schedule for this case and schedule a technical hearing at which the Parties may offer evidence and examine witnesses. We also vacate the November 25, 2024, customer hearing and set a new one for December 16, 2024.
