CASE NO. PAC-E-24-05

ORDER NO. 36269

On April 1, 2024, PacifiCorp dba Rocky Mountain Power (“Company”) applied for authorization to adjust its rates under the Energy Cost Adjustment Mechanism (“ECAM”). The Company seeks an order approving approximately \$62.4 million in ECAM deferred costs and a 10.5 percent increase to Electric Service Schedule No. 94, Energy Cost Adjustment (“Schedule 94”). If the adjustment is approved, the monthly bill of an average residential customer using 783 kilowatt-hours of electricity would increase by about \$7.39. The Company requested its proposed adjustment be processed by Modified Procedure and become effective on June 1, 2024.

On May 31, 2024, the Commission issued Order No. 36207, partially approving the Application. Specifically, the Commission disallowed recovery of costs the Company incurred to comply with the Washington Climate Commitment Act and approved a revised ECAM deferral amount of \$60,093,960. Because the Commission approved a revised deferral amount, it directed the Company to submit a revised Schedule 94 reflecting the amounts approved by the Commission.

On June 6, 2024, the Company submitted a revised Schedule 94 as a compliance filing in response to Order No. 36207. Staff reviewed the filing and, at the Commission’s June 25, 2024, Decision Meeting, submitted a decision memorandum recommending approval of the proposed Schedule 94 tariff.

COMMISSION FINDINGS AND DECISION

The Commission has jurisdiction over the Company’s application and the issues in this case under Title 61 of the Idaho Code including, *Idaho Code* §§ 61-501, 502, and -503. The Commission is empowered to investigate rates, charges, rules, regulations, practices, and contracts of public utilities and to determine whether they are just, reasonable, preferential, discriminatory, or in violation of any provision of law, and to fix the same by order. *Idaho Code* §§ 61-502 and -503.

Having reviewed the record, the Company's submission, and Staff's recommendation, the Commission finds that the Company has complied with the Commission's Order No. 36207 to file a revised Schedule 94 tariff.

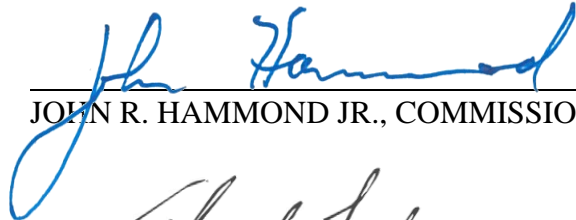

ORDER

IT IS HEREBY ORDERED that the Company's Schedule 94 is approved, effective as of June 1, 2024.

THIS IS A FINAL ORDER. Any person interested in this Order may petition for reconsideration within twenty-one (21) days of the service date upon this Order regarding any matter decided in this Order. Within seven (7) days after any person has petitioned for reconsideration, any other person may cross-petition for reconsideration. *Idaho Code* § 61-626.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho, this 17th day of July 2024.
