UTILITIES COMMISSION

Dear Commission

I understand Avista is asking again for another increase in there gas rates for Idaho. I sincerely hope you will consider the rate payer before granting another increase in the price of natural gas.

With the price of gasoline and diesel fuel at the pump, causing a hardship on most everyone, we don't need another commodity added to the list

There are a lot of people that are struggling to get by. We don't need another block for us to trip on. I understand that Avista has a program to help the low income families, but what about the average wage earner. They need heat also.

Have Avista get their increase by lowering their investors dividends, and cutting high salaries. Perhaps this would help.

Sincerely

V. L. Green

It relates to the Washington State Attorney General challenging the Avista rate increase--- that's the kind of representation we need in Idaho. I cannot recall a time when our state has so powerfully challenged Avista regarding a rate increase. Apparently the state of Washington understands what it means to represent the citizens and their best interests.
