IDAHO PUBLIC
UTILITIES COMMISSION

AVU-E-09-01/AVU-G-09-01

Commissioner's Office,
Public Utilities Commission
472 W. Washington Street
Boise, Idaho 83702

Dear Commissioner:

I wish to register my displeasure with possible rates & their hikes.

Such a move would certainly register hardship for many individuals!

In this era of CEO indiscretions and seemingly flagrant disregard for the impact (s) of their salaries / benefit packages, rate hikes are truly an insult.

Just how much of a profit do companies & CEO's need to make? Wise, prudent decisions as to a company's direction & profit margins surely need revisions.

Your comments are welcome.

Thank you.

Sincerely,

(Mrs.) JoAnn B. Byler

UTILITIES COMMISSION

Jim Kempton & Commissioners:

1. Start representing the public, not the power companies, particularly Avista.
2. Past mistakes (Enron, poor investments, etc., management decisions) should not be passed on to ratepayers.
3. CEO wages and corporate pay raises should ~~cover those decisions~~ ^{be a larger portion of any rate} increase.
4. Do we have a public utility or a private monopoly?
5. In these economic times, Avista should not be allowed any rate increase.

Jim Kempton:

In times like these everyone needs to be good stewards just to enjoy the basics of life.

Please, please do not let Avista run their own agenda at the expense of those of us who are on fixed incomes and let's consider how even Avista gave CFO's substantial bonuses. Please do not allow them increases.

Please consider not allowing AVISTA to increase rates at this time. They had at least one rate increase last year, to my knowledge, and are asking to increase them again. The rest of us are trying to make ends meet with what we have, and they just keep taking more. AVISTA needs to manage what they have better instead of continuously going back to the public well for more money.

Please describe your comment briefly:

Avista is filing for ANOTHER rate increase. In these economic times and the rate of large earnings of Avista, I request that this rate increase be denied. Avista has raised the rates every year and one year they actually raised the rates twice.

How can they ask for a rate increase when their bottom line is very favorable?

Thank you for your consideration.

I just want to voice my stong objections to a rate increases requested by Avista--- Again. I can recall a that a mere 3 months ago that Avista was purposing a rate decrease in their Natural Gas rate for Idaho, now they are asking for another rate increase so they can satisfy their stock holders, their CEO two million dollar salary and ????. I ask the commission NOT to ROLL Over to their demands this time and demand some accountability from this company during these hard time. Thank you, Gary Anderson
