Name of Utility Company: Avista
Contacted Utility: Yes

Complaint: I would like to know why the IPUC is allowing on a continuous basis to Avista increases. You who is to protect the citizens of the State of Idaho from powerful utility companies bow down to them like children who has done wrong. They manipulate you like idiots allowing them to constantly raise their rates. I would like to know who is being paid off in the State of Idaho to allow this to happen. Do they donate to the Otter's campaign. Avista continues to make excuse after excuse to get hikes. First to much water, then not enough water, when is the IPUC going to wait the hell up and see what is going on. I have sent a long letter to FOX News and ask them to investigate this, because I have talked to numbers of citizens in the area and we are working to build a coalition against avista and the IPUC will be part of the fight against avista for bowing down to them and allowing them continuous raises on power and gas.
