Advice No. 17-02-G  
Tariff I.P.U.C. No. 27, Natural Gas Service Natural Gas Fixed Cost Adjustment

I would like to protest the proposed large increase in monthly basic charge from \$5.25 to \$6.00.

The problem is, the customer is helpless to take any energy saving action to avoid this charge. This does not incentivize the customer to conserve. It does not promote sustainability. It is a burden on low income customers.

High income customers are fine - so this increase is regressive.

Thanks. William Stuble
