Comment: It's bad enough I struggle to pay now. I make just enough to pay my bill now with barely enough to survive on for the rest of the month..then I get this shut off notice if I don't pay.. I'm not one of those LUCKY ones that's RICH.. I work hard for what I got. I'm proud of what I got. It may not be much but I WORK HARD. Then I get u ass___ who make good money. No worries for you. I could go on & on. Bad subject for me 😊 I recall reading where avista sold and our rates WOULD..NOT go up.. they said. I laughed & said.. that's a LIE.. I was right!!!!

Comment: Avista is asking for another rate increase. We, as a family, are totally against this for many reasons. 1. We are on a fixed income and can not afford it. 2. The CEO and executives are paid way too much for a utility company. If they want to help out their customers, why don't they take a pay cut? I understand the CEO has a salary of several million dollars. Why does he need so much? 3. We do not think a utility company should be traded on the stock exchange as it is an necessity. 4. Natural gas is very plentiful at this time. 5. Why did this need for improvement all of a sudden become apparent? They should have done improvements a little at a time a long time ago. Why did they wait until now? Please do not allow this increase. If you do, they will just come up with another request next year. Thank you. Gordon and Virginia Withall
