Hayden Lake Idaho, 83835

Name of Utility Company: Mr.

Comment: Sirs: I have reviewed the material available on the Avista and Hydro-One merger and see no benefits to either company. I am against the merger because I do not believe a Canadian company should own any of our transmission equipment including:

No Hydro Electric generation equipment

No Gas fired electric generation equipment No Coal fired electric generation equipment No Nuclear electric generation equipment None of our transmission lines None of our transformers, both major or minor None of our metering equipment, both residential and commercial

I think it would be a huge mistake to allow a foreign government, or a foreign entity to own our own generation equipment.

Please do not approve this merger.

Thanks so much.

Jim Hollingsworth

Address: PO Box 1357
Coeur d Alene ID, 83816

Name of Utility Company: Avista
Comment: "I object to the sale listed".
History shows that the Customers are the ones to suffer higher rates/bills from similar actions. Despite false assurances, history also shows that the Customers will unjustly suffer from a unwarranted and non-represented PC agenda that doe's not represent the customers views or desires.
This proposed sale will not be good for Idaho or it's customers.
Regards,
Jerry Gross

Name of Utility Company: Avista

Comment: My wife and I strongly urge you NOT to approve the merger of Canada's Hydro One and Avista. Regardless what what is being offered and stated we do not believe it is in the best interest of the consumer and the United States to have our utility company owned by a foreign company with strong ties to their government. What do you do when they change the rules and conditions!Then your in International Court.Please do NOT approve this merger!!
