June 29, 2018

Diane Hanian Commission Secretary Idaho Public Utilities Commission 472 W. Washington St. Boise, ID 83702

Re: Case No. AVU-G-18-03

Natural Gas Fixed Cost Adjustment Annual Rate Filing of Avista Corporation

Dear Ms. Hanian:

Enclosed for filing with the Commission is Avista's natural gas Fixed Cost Adjustment (FCA) annual rate adjustment filing. This filing consists of an original and seven copies of Avista's Application, Exhibit A (the Company's proposed tariffs), Exhibit B (rate calculation), Exhibit C (2017 deferral), and Exhibit D (customer communications) in support of the Application. A computer readable copy of the Application, exhibits, and workpapers, required under Rule 231.05, are included on an enclosed compact disc.

Electronic versions of the Company's filing were emailed to the Commission, and the Service List, on June 29, 2018. Those documents have also been provided on the enclosed CD.

Please direct any questions on this matter to me at (509) 495-8620 or Tara Knox at (509) 495-4325.

Jineciety,

Patrick D. Ehrbar

Director of Regulatory Affairs

**Enclosures** 

### **CERTIFICATE OF SERVICE**

I HEREBY CERTIFY that I have this 29<sup>th</sup> day of June, 2018, served the Application of Avista Corporation – Fixed Cost Rate Adjustment, upon the following parties, by mailing a copy thereof, properly addressed with postage prepaid to:

Diane Hanian, Secretary Idaho Public Utilities Commission 472 W. Washington St. Boise, ID 83702 diane.hanian@puc.idaho.gov

modifications to Schedule 175, "Fixed Cost Adjustment

- 1 Mechanism Natural Gas". The proposed FCA rebate rate for
- 2 the Residential Group (Schedule 101) is -0.766¢ per therm,
- 3 and -1.067¢ per therm for the Non-Residential Group
- 4 (Schedules 111 and 112). The Residential Group rebate
- 5 represents a \$1.9 million, or 4.23%, to Schedule 101
- 6 customers, and the Non-Residential Group rebate represents a
- 7 \$0.7 million, or 5.55%, decrease. The Company has requested
- 8 a November 1, 2018 effective date.
- 9 The Company requests that this filing be processed under
- 10 the Commission's Modified Procedure Rules (RP 201-204).

33

### II. BACKGROUND

The purpose of the natural gas FCA is to adjust the

1

2

22

23

24

25

26

| 3              | Company's Commission-authorized revenues from therm sales,   |
|----------------|--|
| 4              | such that the Company's revenues will be recognized based on   |
| 5              | the number of customers served under the applicable natural  |
| 6              | gas service schedules. The FCA allows the Company to: 1)   |
| 7              | defer the difference between actual FCA-related revenue  |
| 8              | received from customers through volumetric rates, and the  |
| 9              | FCA-related revenue approved for recovery in the Company's   |
| 10             | last general rate case on a per-customer basis; and 2) file  |
| 11             | a tariff to surcharge or rebate, by rate group, the total  |
| 12             | deferred amount accumulated in the deferred revenue accounts   |
| 13             | for the prior January through December time period.  |
| 14             | In Case Nos. AVU-E-15-05 and AVU-G-15-01, the Commission   |
| 15             | in Order No. 33437 approved for Avista a Fixed Cost Adjustment   |
| 16             | Mechanism. On page 10 of Order No. 33437, the Commission   |
| 17             | stated:  |
| 18<br>19<br>20 | The parties have also agreed upon a three-year <sup>1</sup> FCA pilot for electric and natural gas operations. The FCA will compare actual FCA revenues to allowed FCA revenues determined on a per-customer basis. Any differences will |

determined on a per-customer basis. Any differences will be deferred for a rebate or surcharge. There are a number of customer safeguards, including that an FCA surcharge cannot exceed a 3% annual rate adjustment. Any unrecovered balances will be carried forward to recover in future years. Further, there is no limit to the level

On June 15, 2018, the Idaho Public Utilities Commission approved an Addendum to the Stipulation which extended the term of the pilot for an additional year by Order No. 34085.

1 of the FCA rebate. As part of the Stipulation, Staff and 2 other interested parties, will review the efficacy of 3 the FCA after its second full year to ensure it is 4 intended. Fixed cost functioning as adjustment 5 mechanisms are intended to encourage conservation, and 6 allow customers more control over their bills. Further, 7 the proposed FCA will remove any financial disincentive 8 of the Company to encourage energy conservation.

9

- 10 The Section 13 of the Stipulation and Settlement, as
- 11 amended by Addendum to the Stipulation approved by the
- 12 Commission in Order No. 34085 on June 15, 2018, provided
- 13 further details, reproduced below, regarding the mechanics of
- 14 the fixed cost adjustment mechanism. The proposed Tariff
- 15 Sheet 175 reflects the change in the term of the mechanism
- 16 from three years to four in accordance with the Addendum.
- A. FCA Mechanisms Term. The Parties agree to an initial FCA term of 4 years, with a review of how the mechanisms have functioned conducted by Avista, Staff, and other interested parties following the end of the third fullyear. Avista may seek to extend the term of the mechanism prior to its expiration.

2324

25

26

28

29

30

31

B. Rate Groups. There will be two rate groups established for both the electric FCA and natural gas FCA:

27 Electric Customer Rate Groups:

- 1. Residential Schedule 1
- 2. Commercial Schedules 11, 12, 21, 22, 31, 32 Natural Gas Rate Groups:
  - 1. Residential Schedule 101
  - 2. Commercial Schedules 111 and 112

323334

35

36

37

38

C. Existing Customers and New Customers. The Parties have agreed that revenue related to certain items discussed below would not be included in the FCA for new customers. The result is that the Fixed Cost Adjustment Revenue-Per-Customer for new customers will be less than

the Fixed Cost Adjustment Revenue-Per-Customer for existing customers. For new electric customers added after the test period, recovery of incremental revenue related to fixed production and transmission costs would be excluded from the electric FCA. For new natural gas customers added after the test period, recovery of incremental revenue related to fixed production and underground storage facility costs would be excluded. These modifications are included in Appendices B and C to the Stipulation.

9

D. Quarterly Reporting. Avista will file, within 45 days of the end of each quarter, a report detailing the FCA activity by month. The reporting will also include information related to the deferrals by rate group, what the deferrals would have been if tracked by rate schedule, use and revenue-per-customer for existing and new customers, and other summary financial information. Avista will provide such other information as may be reasonably requested, from time to time, in the future quarterly reports.

45

46

On or before July 1, the Company Annual Filings. will file a proposed rate adjustment surcharge or rebate based on the amount of deferred revenue recorded for the prior January through December time period. The rate adjustment would be calculated separately for each Rate Group, with the applicable surcharge or rebate recovered from each group on a uniform cents per kWh or per therm The proposed tariff (Schedule 75 for electric, Schedule 175 for natural gas) included with that filing would include a rate adjustment that recovers/rebates the appropriate deferred revenue amount over a twelvemonth period effective on October 1 for electric (to match with Power Cost Adjustment and Residential Exchange annual rate adjustments time period) November 1st for natural gas (to match with the annual Purchased Gas Cost Adjustment rate adjustment time period). The deferred revenue amount approved for recovery or rebate would be transferred to a balancing account and the revenue surcharged or rebated during the period would reduce the deferred revenue balancing account. After determining the amount of deferred revenue that can be recovered through a surcharge (or refunded through a rebate) by Rate Group, the proposed rates under Schedules 75 and 175 would be

determined by dividing the deferred revenue to be recovered by Rate Group by the estimated kWh sales (Electric FCA) or therm sales (Natural Gas FCA) for each Rate Group during the twelve-month recovery period. Any deferred revenue remaining in the balancing account at the end of the amortization period would be added to the new revenue deferrals to determine the amount of the proposed surcharge/rebate for the following year.

Accounting. Avista will record the deferral in account 186 - Miscellaneous Deferred Debits. The amount approved for recovery or rebate would then transferred into a Regulatory Asset or Regulatory Liability account for amortization. On the income statement, the Company would record both the deferred revenue and the amortization of the deferred revenue through Account 456 (Other Electric Revenue), or Account 495 (Other Gas Revenue), in separate sub-accounts. Company would file quarterly reports with the Commission showing pertinent information regarding the status of the current deferral. This report would include a spreadsheet showing the monthly revenue deferral calculation for each month of the deferral period (January - December), as well as the current and historical monthly balance in the deferral account.

29 30 31

32

33

35

H. 3% Rate Increase Cap. An FCA surcharge, by rate group, cannot exceed a 3% annual rate adjustment, and any unrecovered balances will be carried forward to future years for recovery. There is no limit to the level of the FCA rebate.

36 37

- 38 As detailed above, the Commission approved the following
- 39 procedural schedule for administering the annual natural gas
- 40 FCA filings:
- 41 <u>July 1</u> Company filing for prior January December 42 deferral period

43

3

4

### III. DRIVERS OF NATURAL GAS FCA SURCHARGES

- 5 The FCA rebate deferrals in 2017 were the result of
- 6 higher monthly use-per-customer than the use-per-customer
- 7 that was embedded in the 2014 test year (i.e., the FCA base).
- 8 Residential average monthly use-per-customer was higher by
- 9 3.5 therms, and non-residential average monthly use-per
- 10 customer was higher by 94 therms in 2017. The Company has
- 11 identified several primary drivers for the change in use-per-
- 12 customer.
- 13 First, weather was abnormally cold during 2017 giving
- 14 rise to a weather normalization adjustment<sup>2</sup> that required the
- 15 deduction of 2 million therms to residential usage (2 therms
- 16 per customer) and 0.5 million therms (27 therms per customer)
- 17 to non-residential usage. The estimated FCA revenue excess
- 18 associated with weather was approximately \$965,000
- 19 residential and \$107,000 non-residential.
- 20 Natural gas energy efficiency programs were suspended in
- 21 Idaho during 2014 and 2015, then reinstated during 2016.
- 22 Consequently, while energy efficiency is considered a

 $<sup>^2</sup>$  The 2017 weather normalization adjustment was filed in Washington for Commission Basis reporting utilizing the same methodology as IPUC Case No. AVU-G-15-01 in developing the FCA base.

- 1 surcharge driver, the impact between the 2014 test year and
- 2 2017 appears to be small. Estimated savings derived from the
- 3 2016 and 2017 DSM Annual Reports reduced residential usage by
- 4 approximately 282,000 therms (0.3 therms-per-customer) and
- 5 non-residential usage by approximately 70,000 therms (4
- 6 therms-per-customer) during 2017. The estimated FCA revenue
- 7 shortfall associated with energy efficiency programmatic
- 8 savings is \$0.13 million residential and \$0.02 million non-
- 9 residential.
- 10 These drivers account for over half of the residential
- 11 rebate and about 25% of the non-residential rebate. The
- 12 "other" drivers are related to items not easily quantifiable,
- 13 such as the effects of non-programmatic energy efficiency,
- 14 changes in business cycles, etc. The following table
- 15 summarizes the impact of these drivers on the FCA Revenues
- 16 received from customers in 2017.

21

### IV. RESIDENTIAL GROUP RATE DETERMINATION

The Company recorded \$1,636,265 in the rebate direction 2 3 in deferred revenue for the natural gas residential customer 4 group in 2017. Last year's surcharge rate was subject to the 3% surcharge limitation with an expected surcharge carry over 5 6 of approximately \$1.2 million. The proposed rate of -0.766 7 cents per therm is designed to rebate \$465,043, to the 8 Company's residential natural gas customers served under rate 9 Schedule 101. The following table summarizes the components 10 of the Company's request for rebate:

| 2017 Deferred Revenue             | (\$1,636,265) |
|-----------------------------------|---------------|
| Add: 2016 Carry over balance      | \$1,189,016   |
| Add: Interest through 10/31/2019  | (\$16,212)    |
| Add: Revenue Related Expense Adj. | (\$1,581)     |
| Total Rebate                      | (\$465,043)   |
| Customer rebate                   | (\$465,043)   |
| Carryover Deferred Revenue        | \$0           |

11

1

12 Exhibit B, page 1 shows the derivation of the proposed 13 rate to rebate revenue of \$465,043, based on projected sales 14 volumes for Schedule 101 customers during the 15 rebate/amortization period (November 2018 through October 16 2019). As identified on tariff Sheet 175B under Step 6 of 17 "Calculation of Monthly FCA Deferral", interest on the 18 deferred balance accrues at the Customer Deposit Interest

1 Rate.<sup>3</sup> If the proposed rebate is approved by the Commission,

2 the 2017 deferral balance, plus interest through October, and

3 the outstanding carry over balance approved for recovery in

4 the prior year FCA rate filing (Case No. AVU-G-17-03 Order

5 No. 33919), will be transferred into a regulatory liability

6 balancing account. The balance in the liability account will

7 be reduced each month by the rebate received by customers

8 under the tariff.

9

10

### V. NON-RESIDENTIAL GROUP RATE DETERMINATION

11 The Company recorded \$377,623 in the rebate direction in 12 deferred revenue for the natural gas Non-Residential Group in 2017, plus interest and revenue-related expenses. 13 Last year's surcharge rate was subject to the 3% surcharge 14 15 limitation with an expected surcharge carry over of 16 approximately \$125,000 (the actual carry over is expected to 17 be slightly less than last year's estimate). The proposed rebate rate of -1.067 cents per therm is designed to rebate 18 19 \$274,617 to the Company's commercial and industrial customers 20 served under rate Schedules 111 and 112. The following table 21 summarizes the components of the Company's request for

<sup>&</sup>lt;sup>3</sup> The Customer Deposit Interest Rate was 1.00% throughout 2017 and remains 1.00% for 2018. The current rate of 1.00% has been used going forward as an estimate for purposes of this rate determination.

### 1 rebate:

| 2017 Deferred Revenue             | (\$377,623) |
|-----------------------------------|-------------|
| Add: 2016 Carry over balance      | \$108,778   |
| Add: Interest through 10/31/2018  | (\$4,320)   |
| Add: Revenue Related Expense Adj. | (\$1,452)   |
| Total Rebate                      | (\$274,617) |
| Customer rebate                   | (\$274,617) |
| Carryover Deferred Revenue        | \$0         |

2

Exhibit B, page 3 shows the derivation of the proposed 3 4 rate to rebate revenue of \$274,617 based on projected sales 5 volumes for Schedules 111 and 112 during 6 rebate/amortization period (November 2018 through October 7 2019). As identified on the tariff Sheet 175B under Step 6 8 of "Calculation of Monthly FCA Deferral", interest on the 9 deferred balance accrues at the Customer Deposit Interest 10 Rate.4 If the proposed rebate is approved by the Commission, 11 the 2017 deferral balance, plus interest through October, and 12 the outstanding carry over balance approved from recovery in 13 the prior year FCA rate filing (Case No. AVU-G-17-03 Order 14 No. 33919), will be transferred into a regulatory liability 15 balancing account. The balance in the liability account will 16 be reduced each month by the rebate received by customers 17 under the tariff.

18 Support showing the monthly calculation of the 2017

<sup>4</sup> Ibid.

- 1 deferral balances for both the Residential and Non-
- 2 Residential Groups is provided as Exhibit C. These
- 3 calculations were also provided to the Commission in

4 quarterly reports.

5

6

### VI. 3% ANNUAL RATE INCREASE TEST

FCA rate adjustment surcharges are subject to a 3% annual

8 rate increase limitation. There is no limit to rebate rate

9 adjustments. As described in Tariff Schedule 175, the 3%

10 annual rate increase limitation will be determined by

11 dividing the incremental annual revenue to be collected

12 (proposed surcharge revenue less present surcharge revenue)

13 under this Schedule by the total "normalized" revenue for the

14 two Rate Groups for the most recent January through December

15 time period. Normalized revenue is determined by multiplying

16 the weather-corrected usage for the period by the present

17 rates in effect. If the incremental amount of the proposed

18 surcharge exceeds 3%, only a 3% incremental rate increase

19 will be proposed and any remaining deferred balance will be

20 carried over to the following year.

21 Exhibit B, page 6 shows the 3% test for the two rate

22 groups. As the 2017 Residential and Non-Residential

23 deferrals are both rebates, there is no limitation. The

1 incremental change from the existing surcharge to the

2 proposed rebate is a reduction of \$1.9 million or

3 approximately -4.2% for the Residential Group and a reduction

4 of \$0.7 million or approximately -5.5% for the Non-

5 Residential Group. As both residential and non-residential

6 deferrals are in the rebate direction for 2017, there is no

7 proposed carry over expected due to the 3% rule.

8

9

### VII. EXISTING CUSTOMERS AND NEW CUSTOMERS

10 The Settlement Stipulation approved by the Commission 11 requires that natural gas customers that have been added since 12 the test year are subject to a FCA Revenue-Per-Customer that 13 excludes incremental revenue related to fixed production and 14 underground storage facility costs. Separate calculations 15 for new versus existing customers are clearly identified in the FCA base that was approved in Order No. 33437 (included 16 17 in this filing as Attachment B, pages 3 through 6).

Due to this segregation, Avista tracks the usage of new customers since January 1, 2015 as compared with existing customers. In general, the average usage of new natural gas

<sup>&</sup>quot;Existing customers" were part of the test year used to set the January 1, 2016 rates (2014 calendar year). "New customers" consist of all new hookups after the test year. The proposed Tariff Sheet 175 replaces the date specific language to state "after the FCA Base test year" as the FCA Base is updated with changes to Base rates and the associated test year.

- 1 customers is comparable to the average usage of existing
- 2 customers. Avista will continue to track the usage of new
- 3 customers over the Fixed Cost Adjustment term.

4

### 5 VIII. PROPOSED RATES TO BE EFFECTIVE NOVEMBER 1, 2018

6 The Company is proposing a per therm FCA rebate rate of

7 -0.766¢ for the Residential Group, and a per therm FCA rebate

8 rate of -1.067¢ for the Non-Residential Group, both to become

9 effective November 1, 2018. Exhibit B to this Application

10 provides the Residential and Non-Residential Rate

11 Calculation, and Exhibit C provides the support for the

12 deferrals for the January 1, 2017 through December 31, 2017

13 deferral period. Attached as Exhibit A is a copy of the

14 proposed tariff, Schedule 175, which contains the proposed

15 FCA rates and tariff revisions discussed earlier in this

16 Application. Exhibit A also includes the proposed changes to

17 Schedule 175 in strike/underline format.

18 Residential customers using an average of 63 therms per

19 month would see their monthly bills decrease from \$48.31 to

20 \$46.27, a decrease of \$2.04 per month, or 4.2%.

21

### IX. COMMUNICATIONS AND SERVICE OF APPLICATION

2 In conformance with RP 125, this Application will be 3 brought to the attention of the Company's customers. First, 4 the Company has served a copy of this Application upon the 5 service list in Case Nos. AVU-E-15-05 and AVU-G-15-01, the 6 cases that gave rise to the FCA mechanisms. Second, a copy 7 of Company's news release and customer notice is provided as 8 Attachment D. The news release will be issued on July 2, 9 2018, and the customer notice will be inserted in customer 10 bills starting on or about July 9, 2018, and run for a full 11 billing cycle.

12

### X. REQUEST FOR RELIEF

14 The Company requests that the Commission issue an order 15 approving recovery of FCA deferrals for the period January 1, 16 2017 through December 31, 2017, and approve a per therm FCA 17 rebate rate of -0.766¢ for the Residential Group, and a per therm FCA rebate rate of -1.067¢ for the Non-Residential 18 19 Group, both to become effective November 1, 2018. The Company 20 also requests that the Commission approve the proposed tariff 21 modifications to tariff Sheet 175. The Residential Group 22 rebate represents a \$1.9 million, or 4.2%, decrease to 23 Schedule 101 customers, and the Non-Residential Group rebate

1 represents a \$0.7 million, or 5.5%, decrease to Schedule 111 2 and 112 customers. The Company requests that the matter be processed under the Commission's Modified Procedure rules 3 4 through the use of written comments. 5 Dated at Spokane, Washington this 29th day of June 2018. AVISTA CORPORATION 6 7 BY 9 Patrick D. Ehrbar 10 Director of Regulatory Affairs

### AVISTA CORPORATION dba Avista Utilities

### SCHEDULE 175 FIXED COST ADJUSTMENT MECHANISM – NATURAL GAS

### **PURPOSE:**

This Schedule establishes balancing accounts and implements an annual Fixed Cost Adjustment ("FCA") rate mechanism that separates the recovery of the Company's Commission authorized revenues from therm sales to customers served under the applicable natural gas service schedules.

### TERM:

The term of the FCA mechanism is four years, effective January 1, 2016 through December 31, 2019.

### **APPLICABLE:**

To Customers in the State of Idaho where the Company has natural gas service available. This schedule shall be applicable to all retail customers taking service under Schedules 101, 111, and 112. This Schedule does not apply to Schedules 131/132 (Interruptible Service), Schedule 146 (Transportation Service For Customer-Owned Gas) or Schedule 148 (Special Contracts). Applicable Customers will be segregated into two (2) distinct Rate Groups:

Group 1 – Schedule 101
Group 2 – Schedules 111 and 112

Note – the recovery of incremental revenue related to fixed production and underground storage costs will be excluded for new natural gas customers added after the FCA Base test year.

### **MONTHLY RATE:**

Group 1 - (\$0.00766) per therm Group 2 - (\$0.01067) per therm

Issued June 29, 2018 Effective November 1, 2018

### Notes

- (1) Deferral balance at the end of the month, Rate of -\$0.01057 to recover the October 2018 balance of -\$272,004 over 12 months. See page 4 of Exhibit B for October 2018 balance calculation.
- (2) Interest computed on average balance between beginning and end of month at the present IPUC Consumer Deposit rate. The IPUC Consumer Deposit rate is updated annually. <a href="http://www.puc.idaho.gov/gas/33936.pdf">http://www.puc.idaho.gov/gas/33936.pdf</a>
- (3) AVU-G-15-01 conversion factor, see page 7 of Exhibit B.
- (4) See page 6 of Exhibit B for 3% test adjustment calculations.
- (5) See page 2 of Exhibit B for estimated carryover balance calculations.
