Avista Requests Natural Gas Price Increase for Idaho Customers in Annual Natural Gas Cost Adjustment Filing

Change in natural gas prices would be effective Nov. 1, 2019

SPOKANE, Wash. – Aug. 23, 2019, 1:05 p.m. PST: Avista (NYSE: AVA) today filed its Purchased Gas Cost Adjustment (PGA) request with the Idaho Public Utilities Commission (IPUC or Commission) that, if approved, is designed to increase overall natural gas revenues by approximately \$3.3 million or 5.6 percent effective Nov. 1, 2019.

These annual filings have no impact on Avista's earnings, and are not related to the general rate case filed in June 2019.

The PGA is filed each year to balance the actual cost of wholesale natural gas purchased by Avista to serve customers with the amount included in rates. This includes the natural gas commodity cost as well as the cost to transport natural gas on interstate pipelines to Avista's local distribution system. This rate adjustment is driven primarily by higher wholesale natural gas prices in the 2018-2019 winter season, which were caused, in part, by a Canadian pipeline disruption that restricted natural gas flows into the Pacific Northwest. If approved, Avista's request is designed to increase natural gas revenues by \$3.3 million or 5.6 percent.

About 40 percent of an Avista natural gas customer's bill is the combined cost of purchasing natural gas on the wholesale market and transporting it to Avista's system. These costs fluctuate up and down based on market prices, and are not marked up by Avista. The remaining 60 percent covers the cost of delivering the natural gas -- the equipment and people needed to provide safe and reliable service.

Customer Bills

If the request is approved, Avista residential customers using an average of 64 therms per month would see their monthly bill to increase from \$47.62 to \$49.88, beginning Nov. 1, 2019, an increase of \$2.26 or 4.8 percent.

The net effect, on a revenue basis, for the requested natural gas rate changes by rate schedule are:

General Service - Schedule 101	4.8%
Large General Service - Schedules 111 & 112	8.9%
Interruptible Service - Schedules 131 & 132	0.0%
Transportation Service - Schedule 146	<u>2.0%</u>
Overall	5.6%

Customer Bills Resulting from all Annual Natural Gas Adjustments – In addition to the filing discussed above, the Company previously made its annual Fixed Cost Adjustment (FCA) filing on June 28, 2019 with the same proposed effective date of Nov. 1, 2019. If the FCA and PGA filings are approved, residential natural gas customers in Idaho using an average of 64 therms per month would see their monthly bills increase from \$47.62 to \$50.98, an increase of \$3.36 per month, or approximately 7.1 percent.

DRAFT
Important Notice for Idaho Natural Gas Customers
(September/October 2019)

Proposed Natural Gas Rate Adjustment to be Effective Nov. 1, 2019

Avista has filed a natural gas rate request with the Idaho Public Utilities Commission (Commission), with a requested effective date of Nov. 1, 2019. This annual filing is separate from the general rate case request filed in June 2019 regarding base retail rates in Idaho and has no impact on the company's earnings.

The rate request is the annual Purchased Gas Cost Adjustment (PGA). The PGA is filed each year to balance the actual cost of wholesale natural gas purchased by Avista to serve customers with the amount included in rates. This includes the natural gas commodity cost as well as the cost to transport natural gas on interstate pipelines to Avista's local distribution system. This rate adjustment is driven primarily by higher wholesale natural gas prices in the 2018-2019 winter season, which were caused, in part, by a Canadian pipeline disruption that restricted natural gas flows into the Pacific Northwest. If approved, Avista's request is designed to increase natural gas revenues by \$3.3 million or 5.6 percent.

Customer Bills - If approved, residential natural gas customers in Idaho using an average of 64 therms per month would see their monthly bills increase from \$47.62 to \$49.88, an increase of \$2.26 per month, or approximately 4.8 percent. The proposed natural gas rate change would be effective Nov. 1, 2019. The requested natural gas rate change by rate schedule are:

General Service - Firm - Schedule 101 - Residential & Small Commercial	4.8%
Large General Service - Firm - Schedules - Commercial 111 & 112	8.9%
Transportation Service – Schedule 146	<u>2.0%</u>
Overall	5.6%

Customer Bills Resulting from all Annual Natural Gas Adjustments – In addition to the filing discussed above, the Company previously made its annual Fixed Cost Adjustment (FCA) filing on June 28, 2019 with the same proposed effective date of Nov. 1, 2019. If the FCA and PGA filings are approved, residential natural gas customers in Idaho using an average of 64 therms per month would see their monthly bills increase from \$47.62 to \$50.98, an increase of \$3.36 per month, or approximately 7.1 percent.

The Company's application is a proposal, subject to public review and a Commission decision. Copies of the application are available for public review at the offices of both the Commission and Avista, and on the Commission's website (www.puc.idaho.gov). Customers may file with the Commission written comments related to the Company's filings. Customers may also subscribe to the Commission's RSS feed (<http://www.puc.idaho.gov/rssfeeds/rss.htm>) to receive periodic updates via e-mail about the case. Copies of rate filings are also available on our website, www.myavista.com/rates.

If you would like to submit comments on the proposed rate change, you can do so by going to the Commission website or mailing comments to:
