Comment: "Good afternoon, I received a customer notice from Intermountain Gas Company informing all users of their service that they will be requesting a \$67 million increase and we, the users, must pay for it. I do not want that. I do not want to pay this 25% increase or any type of increase. As prices go up on everything, the only not going up is our paychecks. So, I demand that you deny this request and all future requests from them. If they can't manage their funds or "go to the bank and ask for a loan" like all of us must do, then they need to be denied for this request. This should be non-negotiable. Thank you for your time and please deny this request."
