Name of Utility Company: intermountain gas

Case ID: INT-G-22-07

Comment: "I dont feel that increasing the cost of the gas bill is wise at this time. Speaking from my current situation now, the cost of living is way higher than wages so i think that a hike in the utility bill, you are going to be looking at a lot of people unable to pay for the bill. I am on level pay for my bill and it already jumped high and i can barely afford it with all my other bills that i have for what i make. People are gonna have to work 2 or 3 jobs to be able to afford rent and the utilies as it is, is that fair for them to have to do that because the you want a price increase? I dont feel its fair. Unfortunately, residents dont have a choice to find a cheaper option for this utility. so if someone is unable to pay than Intermountain gas just has peoples accounts going to collections and everything else. Just one more way for the people to get screwed i believe. DONT INCREASE THE PRICES!!!! "
