BACKGROUND

On July 12th and 13th Staff conducted negotiated rulemaking sessions with stakeholders. Pursuant to I.C. § 67-5220(3)(f), Commission Staff provided a written summary of any unresolved issues, key information considered, and conclusions reached during and as a result of the negotiated rulemaking.

The Negotiated Rules were updated based on public comments and were published as Proposed Rules in the October 4, 2023 Administrative Bulletin, with no public meetings scheduled. No requests were made to hold a public hearing within 21 days of publication in the Administrative Bulletin.

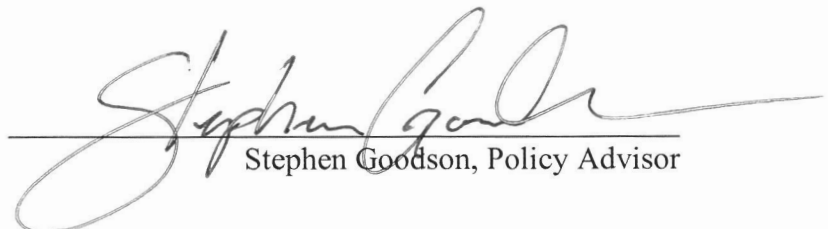

These rules are now ready to be adopted by the Commission as Pending for review by the 2024 Legislature for final approval.
