NEWS RELEASE: Avista will host public meetings to share information on two integrated resource plans

BOISE (Feb. 19, 2021) – Avista Utilities will hold public meetings on Tuesday and Wednesday to share information and take comment on its draft integrated resource plans for natural gas and electric customers.

An integrated resource plan is created by a utility to map out how it will meet the energy needs of its customers over the next 20 years. Avista, which serves customers in several states, including northern Idaho, has created a draft integrated resource plan for its natural gas and electric customers.

Avista is hosting a meeting on Tuesday, Feb. 23, at 10:30 a.m. (MST). Idaho customers are welcome to participate. Avista staff will give a short presentation providing an overview of each integrated resource plan. Because of concerns regarding Covid-19, the meeting will be held virtually using the Microsoft Teams platform. Those interested in listening to the presentation or commenting on the draft plan can call 1-253-372-2181 and use conference ID 203 830 370. To participate online using the Microsoft Teams platform, please visit [Microsoft Teams Meeting](#).

Avista will also host a meeting on Wednesday, Feb. 24, from 6:00 p.m. to 8:00 p.m. (MST) using the ZOOM platform. Avista staff will give a presentation on each draft plan, and there will be an opportunity to ask questions. Those interested in participating are asked to register in advance by visiting: myAvista.com/IRP.

The meetings are open to the public, and will address questions regarding Avista's service territory in Washington, Oregon and Idaho.

To learn more about the draft integrated resource plans, please visit: myAvista.com/IRP.
