NEWS RELEASE: Commission schedules telephonic public hearing on proposed Avista natural gas, electric rate increases

**BOISE (July 2, 2021)** – The Idaho Public Utilities Commission will host a telephonic public hearing on Wednesday, July 14, to take testimony on a proposed rate increase for Avista natural gas and electric customers in Idaho.

The telephonic hearing begins at 6:00 p.m. (PDT). Those interested in submitting verbal testimony are asked to call 1-415-655-0001, and enter passcode 133 481 5766 when prompted. Those planning on testifying are encouraged to join the hearing at 5:45 p.m. (PDT).

Parties to the case have proposed a settlement with a two-year rate plan that, if approved by the Idaho Public Utilities Commission, would allow Avista to increase annual base electric revenues by \$10.6 million, or 4.3 percent, effective Sept. 1, 2021, and increase annual base electric revenues by \$8.0 million, or 3.1 percent, effective Sept. 1, 2022.

For natural gas, the parties agree that Avista should be allowed to decrease natural gas base revenue by \$1.6 million, or 3.7 percent, effective Sept. 1, 2021, and increase natural gas base revenue by \$0.9 million, or 2.2 percent, effective Sept. 1, 2022. Through the settlement agreement, the parties also agree to return to customers available tax credits of approximately \$31.3 million for electric over the two-year rate plan and \$12.1 million for natural gas over 10 years.

If the settlement is approved, a residential electric customer using an average of 892 kilowatt hours per month would see a billed increase of \$0.49 per month, or 0.6 percent, effective Sept. 1, 2021, and a billed increase of \$0.31 per month, or 0.4 percent, effective Sept. 1, 2022. A residential natural gas customer using an average of 63 therms per month would see a billed decrease of \$2.30 per month, or 4.6 percent, effective Sept. 1, 2021, and a billed increase of \$0.76 per month, or 1.6 percent, effective Sept. 1, 2022.

Avista's original proposal called for an increase in rates for electric customers and natural gas customers over a two-year period. In the first year, Avista proposed to increase electric revenues

by \$24.8 million, or 10.1 percent, and natural gas revenues by \$0.1 million, or 0.1 percent, beginning Sept. 1, 2021. In the second year, Avista originally requested an increase of \$8.7 million, or 3.2 percent, for electric customers, and \$1 million, or 2.2 percent, for natural gas customers. Avista's original request also proposed to offset the proposed rate increases with available tax credits, similar to the settlement agreement.

In addition to the telephonic hearing, those wishing to submit written comments on the proposed rate increases may do so. Public testimony and written comments become part of the permanent public record for the case.
