NEWS RELEASE: Electric utility submits applications seeking approval to enter into service territory agreements.

BOISE (March 11, 2024) – The Riverside Electric Company has submitted three applications to the Idaho Public Utilities Commission asking for approval to enter into service territory agreements with Farmers Electric Company, the city of Rupert and East End Mutual Electric.

These electric companies offer service to customers in the Burley/Rupert area.

Service territory agreements are required to comply with the terms spelled out in the Electric Supplier Stabilization Act, which prohibits an electric supplier from serving another electric supplier's existing or former customers. In addition, Idaho code clarifies that the stabilization act is designed to promote harmony between electric suppliers, prohibit the pirating of utility customers, discourage duplication of electric facilities and stabilize service territories and consumers.

The commission can approve the applications, deny them or modify them.

Written comments are being accepted on all three applications until April 24, 2024. Comments are required to be filed through the commission's website or by e-mail unless computer access is not available. To submit comments using the commission website, please visit puc.idaho.gov and click on the "Case Comment Form" link on the upper left side of the page. Please use the case number for which comments are being submitted when filling out the form – C12-E-24-01, C12-E-24-02, or C12-E-24-03. The commenter should also include their name and address. If using e-mail, comments are required to be sent to the commission secretary and the utilities listed below. If computer access is not available, comments can be mailed to the commission and utilities at the addresses listed below. Those submitting comments through mail are required to include their

name, address and the case number they are commenting on – C12-E-24-01, C12-E-24-02 or C12-E-24-03.
