NEWS RELEASE: Idaho Power files application seeking approval of energy sales agreement.

BOISE (March 25, 2024) – Idaho Power has filed an application with the Idaho Public Utilities Commission asking for approval of an energy sales agreement with BP Hydro Associates.

If approved, the application would allow Idaho Power to buy energy from the Rock Creek II Hydro Project in Twin Falls. Idaho Power is also asking that the payments for buying the electricity be declared as prudently incurred expenses for ratemaking purposes. The energy sales agreement would provide for the sale of electricity for a 20-year term at non-levelized, non-seasonal hydro published avoided cost rates.

The commission can approve, deny or modify the application.

Written comments on the application are being accepted until April 18, 2024. Comments are required to be filed through the commission's website or by e-mail unless computer access is not available.
