**NEWS RELEASE:** Commission is accepting written comments on proposed settlement involving water utility.

**BOISE (Oct. 16, 2024)** – The Idaho Public Utilities Commission is accepting written comments until Friday, October 18, 2024, on a proposed settlement between commission staff and Dry Creek Water Company, LLC.

Previously, commission staff conducted an investigation to determine if Dry Creek Water is operating as a public utility subject to commission regulation. In September, staff and the company filed a joint motion to approve a proposed settlement. It directs Dry Creek Water to amend its corporate papers to enable it to begin directly serving and individually billing homeowners and apply for a certificate of public convenience and necessity.

The commission can approve the settlement, reject it or add additional conditions under which a settlement will be approved.

The commission is accepting written comments on the proposed settlement until Friday, October 18. Comments are required to be filed through the commission's website or by e-mail unless computer access is not available. To submit comments using the commission website, please visit [puc.idaho.gov](http://puc.idaho.gov) and click on the "Case Comment Form" link on the upper left side of the page. Please use case number DRY-W-24-01 when filling out the form. The commenter should also include their name and address. If using e-mail, comments are required to be sent to the commission secretary and Dry Creek Water at the e-mail addresses listed below. Commenters should include their name, address and case number DRY-W-24-01. If computer access is not available, comments can be mailed to the commission and Dry Creek Water at the addresses listed below. Those submitting comments through the mail are required to include their name, address and case number DRY-W-24-01.
