NEWS RELEASE: Commission is accepting written comments on Idaho Power's continued involvement in the Northwest Energy Efficiency Alliance.

BOISE (Nov. 1, 2024) – The Idaho Public Utilities Commission is accepting written comments on an application from Idaho Power to continue its involvement in the Northwest Energy Efficiency Alliance for the period of 2025-2029.

The alliance consists of more than 140 utilities working to maximize energy efficiency in the Northwest, and Idaho Power said it is an active member.

In addition to seeking commission approval to continue its involvement in the organization, Idaho Power is asking that its participation be funded through the Idaho Energy Efficiency Rider. The rider is a monthly surcharge on customers' bills that funds Idaho Power's energy efficiency programs and reduce electricity demand.
