NEWS RELEASE: Customer hearing will be held Dec. 16 on eastern Idaho utility's application to increase rates.

BOISE (Dec. 13, 2024) – The Idaho Public Utilities Commission will hold a customer hearing on Monday, Dec. 16 in Pocatello to take testimony on a proposed settlement of an application submitted by Rocky Mountain Power to increase rates.

Rocky Mountain Power initially applied for commission approval to increase rates for the average residential customer by 17.9 percent, or about \$19.90, in 2025 and an additional 5.3 percent, or about \$6.94, in 2026. However, Rocky Mountain Power recently filed a proposed settlement in which it agreed to, among other things, a 16.8 percent increase to base rates in 2025, with no additional rate increase in 2026. Accounting for a \$32.5 million reduction to Rocky Mountain Power's collection in the Energy Cost Adjustment Mechanism, customers will see their rates increase by about 7.4 percent.

The commission can approve, deny or modify the proposed settlement.

The customer hearing is being held to take testimony for the record. It will begin at 4:00 p.m. and conclude at 7:00 p.m. or until all customer testimony has been taken, whichever comes first. It will be at the Idaho Department of Fish and Game's Pocatello office, 1345 Barton Road, Pocatello, ID 83204. In-person attendance is required to submit testimony. Those interested in listening to the hearing without submitting testimony can do so by calling 1-415-655-0001 and entering meeting number 2864 793 8995 when prompted.

Additional information on Rocky Mountain Power's application is available at: puc.idaho.gov/case/Details/7285.
