NEWS RELEASE: Commission is accepting written comments on proposed natural gas conversion agreement between electric utilities.

**BOISE (April 8, 2025)** – The Idaho Public Utilities Commission is accepting written comments until May 29, 2025, on an application submitted by Idaho Power for approval of a natural gas conversion agreement between it and NV Energy.

The utilities jointly own a coal-fired power plant near Winnemucca, Nevada, that consists of two units. Idaho Power and NV Energy are proposing to convert the units from coal to natural gas by the summer of 2026. Idaho Power said the conversion is the least-cost, least-risk option necessary to continue providing reliable, economic service to customers. NV Energy serves customers in Nevada.

Comments are required to be filed through the commission website or by e-mail unless computer access is not available.
