**NEWS RELEASE:** Commission is accepting written comments on natural gas utility's long-range planning document.

**BOISE (Feb. 23, 2026)** – The Idaho Public Utilities Commission is accepting written comments on Intermountain Gas Company's 2025 integrated resource plan (IRP). The IRP provides information on how the utility will meet customers' demands for natural gas during the next five years.

The plan, filed every two years with the Commission, documents the utility's planning process to ensure there is enough safe and reliable delivery capacity and gas supply. It also evaluates residential, commercial, and large-volume customer demand growth under multiple scenarios, among other items. The IRP is a working document that incorporates assumptions and projections at a specific point in time.

The Commission is accepting written comments on the IRP until May 22, 2026. Comments are required to be filed through the Commission's website or by e-mail unless computer access is not available. To submit comments through the website, visit [puc.idaho.gov](http://puc.idaho.gov) and click on the "Case Comment Form" link on the upper left side of the page. Please use case number INT-G-25-08 when filling out the form. Comments submitted through e-mail should be sent to the e-mail addresses listed below. Commenters are required to include their name, address and case number INT-G-25-08. If computer access is not available, comments can be mailed to the Commission and Intermountain Gas at the addresses listed below. Commenters are required to include their name, address and case number INT-G-25-08 in correspondence.
