**NEWS RELEASE: Electric Utility Files Application with Commission Seeking Approval of Land Sale**

**BOISE (July 13, 2026)** – Idaho Power has filed an application with the Idaho Public Utilities Commission seeking approval to sell approximately 0.6 acres of land in Boise to a buyer who is leasing it for a parking area.

The utility is proposing to sell the land to the buyer for \$100,470 while reserving a powerline easement over the property. The proposed sale would release Idaho Power from the responsibility of owning and maintaining the land while allowing the utility to use the land for its intended purpose under the easement.

The Commission has filed a deadline for written comments and scheduled a customer hearing on the proposed sale. Written comments are being accepted through Monday, Aug. 3, 2026. Comments must be filed through the Commission's website or by email unless computer access is not available.
