NEWS RELEASE: Commission schedules customer hearing for water utility's application to increase rates.

BOISE – The Idaho Public Utilities Commission has scheduled a customer hearing to take testimony on an application submitted by Capitol Water Corporation to increase the rates it charges to provide service to customers.

The utility is seeking to increase rates by 6.004 percent. If the application is approved as filed, flat-rate customers with a $\frac{3}{4}$ inch service line will see an increase of \$2.05 per month for the months of May through September, and an increase of \$0.90 for all other months in the year. Flat-rate customers with lines larger than $\frac{3}{4}$ of an inch would receive a corresponding increase in current rates of 6.004 percent. Metered customers will see an increase in the minimum charge of 6.004 percent and an increase in the tiered commodity charges of 6.004 percent.

The utility serves 2,536 residential and 276 commercial customers in Boise.

The customer hearing to take testimony for the record will be held Thursday, Jan. 22, 2026. It will begin at 4:30 p.m. (MST) and conclude at 7:30 p.m. or after all testimony has been taken, whichever comes first. The hearing will be at the Commission's office, 11331 W.
