NEWS RELEASE: Commission schedules customer hearing to take testimony on eastern Idaho water utility's application to change rates.

BOISE (June 26, 2025) – The Idaho Public Utilities Commission has scheduled a customer hearing to take testimony on an eastern Idaho water utility's application to change the rates it charges customers for water service

Falls Water serves approximately 6,833 residential and commercial customers northeast of Idaho Falls in Bonneville County. The utility consists of the Falls Water, Taylor Mountain and Morningview systems. The utility proposes, based on the meter size and amount of water used, that customers in the Falls Water and Taylor Mountain systems would see their monthly bills increase between 27 percent and 44 percent. Customers served by the Morningview system would see their monthly bills decrease between 19 percent and 56 percent, based on their meter size and amount of water used.

The commission can approve, deny or modify the utility's application.

The hearing will be Thursday, July 10, at the Idaho Falls Regional Fish and Game Office, 4279 Commerce Circle, Idaho Falls, ID 83401. It will begin at 4:00 p.m. (MDT) and conclude at 7:00 p.m. or after all customer testimony has been received, whichever comes first. Those planning to testify are encouraged to arrive at the hearing location by 3:45 p.m. as the hearing will conclude when it appears all customer testimony has been received. In-person attendance is required to submit testimony.

Those interested in listening to the hearing remotely can do so by calling 1-415-655-0001 and entering meeting number 2866 747 4789 when prompted.
