Re: Idaho Code 61-1007 Objection to 2014 Railroad Assessment Fee
Boise Valley Railroad, LLC

To Whom It May Concern:

Please accept this letter as Boise Valley Railroad's Idaho Code 61-1007 Objection to the 2014 Railroad Assessment Fee contained in Assessment Invoice No. 2014-009, a copy of which is attached hereto as Attachment A. This objection is based on Boise Valley Railroad's erroneous reporting of its Idaho Gross Operating Revenues for calendar year 2013.

Boise Valley Railroad mistakenly reported its **interstate** gross operating revenues instead of its **intrastate** gross operating revenues for 2013, as required by Idaho Code 61-1003. The erroneous **interstate** gross operating revenues reported for 2013 were \$3,143,915.00 and attached hereto as Attachment B is a copy of the erroneous Class II & III Railroad Annual Report that was timely filed and reported the incorrect gross operating revenue number.

The correct **intrastate** gross operating revenues for Boise Valley Railroad for 2013 are \$838,703.00 and a revised Schedule of Gross Operating Revenues for 2013, on the appropriate reporting form, is attached hereto as Attachment C.

Boise Valley Railroad apologizes for this erroneous reporting and is taking permanent steps to prevent this mistake from occurring in the future. In the meantime, Boise Valley Railroad awaits acknowledgement of its objection and further instructions from the Commission on how to proceed on this matter.

Ms. Jean Jewell
Page 2

Also, pursuant to Idaho Code 61-1005, Boise Valley Railroad will proceed with making the first timely semi-annual installment payment of the current 2014 Railroad Assessment Fee in Attachment A, during the pendency of this objection and any Commission proceedings, and will rely upon the refund provisions of Idaho Code 61-1007 if the Commission determines an adjustment is needed based on Boise Valley Railroad's **intrastate** gross operating revenue for 2013.

Under the IPUC Rules of Procedure, if the Commission determines that this matter should be handled as a formal proceeding, please consider this Boise Valley Railroad's Petition for relief as described herein. RP 25, 53. If you have any questions or require any further materials, please contact me as the Representative for Boise Valley Railroad. RP 41.

Very Truly Yours,

PAINE HAMBLEN LLP

RE: Idaho Gross Operating Revenues

Idaho Code §§ 61-1003 and 62-611 require all public utility corporations to annually report to the Commission their gross operating revenues derived from business operations in Idaho that are subject to the annual assessment during the preceding calendar year.

We request that your calendar year 2013 gross intrastate revenues be provided to the Commission on or before April 1, 2014. Your company must report even if it had zero gross intrastate operating revenues during the preceding calendar year.

The form provided below is for your convenience. Please complete and return it to the above address as soon as possible. Please note the law requires information on the return be certified by an officer, or agent, of your company.

To meet the April 1, 2014, deadline you may send a facsimile of this form to the Commission at (208) 334-3762 or email a pdf version to the email to maria.barratt-riley@puc.idaho.gov. The IPUC must receive a certified hard copy within five working days of the fax or e-mailed transmission.

Should you have any questions, please feel free to contact me at (208) 334-0337.

Sincerely,

M. Barratt-Riley
