READS:

Having reviewed the Company’s Application and Staff’s recommendations, we find the Company’s Application failed to properly describe the broadband equipment in question—thus failing to comply with the requirements of Order No. 35927. Accordingly, it is inappropriate for the Commission to issue an order confirming the Company’s equipment is “qualified broadband equipment” in compliance with Order No. 35927. The Company’s Application is denied. As noted by Staff, the Company may bring this matter to the Commission when the Company can provide the required information.
