On October 29, 2025, Ziply Fiber of Idaho, LLC, and Ziply Fiber Northwest, LLC, both d/b/a Ziply Fiber (collectively “Ziply”) filed a “Notice of Discontinuance of Service” (“Notice”). Specifically, Ziply notified the Commission of its intent to discontinue basic local exchange and message telecommunication services within certain townships near Elk City, Idaho. According to Ziply, only three customers remain within this exchange area all of whom currently receive equivalent voice and broadband service from Viasat Carrier Services, Inc. (“Viasat”).

On November 28, 2025, Viasat applied for a determination of whether Ziply should be allowed to discontinue basic local exchange and message telecommunication services as described in the Notice. According to Viasat, it is not designated as an Eligible Telecommunications Carrier (“ETC”) in significant portions of the townships in which Ziply seeks to discontinue service.

On December 17, 2025, the Commission issued a Notice of Application and Notice of Intervention Deadline, setting a deadline for interested parties to file a petition to intervene. Order No. 36873. No petitions to intervene were filed.

With this Order we set response, public comment, and reply deadlines.
