Re: *Application for Designation as an Eligible Telecommunications Carrier in the State of Idaho*

Dear Mr. Yap:

The Nez Perce Tribe ("Tribe") received your May 4 letter and has reviewed DISH Wireless L.L.C.'s Idaho Public Utilities Commission Application for Designation as an Eligible Telecommunications Carrier in the State of Idaho for the Limited Purpose of Providing Lifeline Service to Qualifying Customers.

On behalf of the Nez Perce Tribal Executive Committee, the nine-member governing body of the Tribe, I am writing to express the Tribe's wishes to grant DISH Wireless L.L.C., doing business as Gen Mobile, permission to be designated as an Eligible Telecommunications Carrier on Nez Perce Tribal lands in Idaho for the limited purpose of providing Lifeline service to qualifying Idaho consumers, including those residing on federally recognized Tribal lands.

DISH Wireless L.L.C.'s operations are not deemed by the Tribe to be exclusive, and this authorization may be terminated by the Tribe at any time.

Sincerely,

A handwritten signature in blue ink, appearing to read "Shannon F. Wheeler", is written over a horizontal line.

Re: DISH Wireless L.L.C. dba Gen Mobile ("DISH Wireless", "Company", or "we") Application for Designation as an Eligible Telecommunications Carrier ("ETC") in the State of Idaho for the Limited Purpose of Providing Lifeline Service to Qualifying Customers

To Whom It May Concern:

Please find enclosed a copy of DISH Wireless L.L.C. dba Gen Mobile's Application for Designation as an ETC in the State of Idaho ("Application"). DISH Wireless seeks ETC designation for the limited purpose of providing Lifeline service under the brand name "Gen Mobile" to qualifying Idaho consumers, including the consumers residing on federally recognized Tribal lands. As detailed in the Application, DISH Wireless is in the process of deploying facilities-based 5G wireless broadband services in Idaho and other markets around the U.S. In areas where our network is not available, DISH Wireless will provide Lifeline services on a resale basis on the networks of AT&T and T-Mobile. This Application was filed with the Idaho Public Utilities Commission ("Commission") on March 2, 2023, Docket No. DWL-T-23-01.

We respectfully request permission from the Coeur d'Alene Tribe to be designated as an ETC in the Tribal lands of Coeur d'Alene. Designation of DISH Wireless as an ETC would advance the public interest for the Coeur d'Alene Tribe because it will increase the number of telecommunication providers offering Lifeline service. Increasing the number of Lifeline service providers will promote competition and expand consumer choice for the consumers residing on Coeur d'Alene Tribal lands. We intend to advance the integrity of the Lifeline program by providing Lifeline service to low-income consumers who suffer from the lack of affordable and available access to voice and broadband services in underserved and unserved areas of Coeur d'Alene.

Granting permission for DISH Wireless to become an ETC in the Tribal lands of Coeur d'Alene will enable the Company to commence much needed Lifeline services to low-income Coeur d'Alene residents as soon as possible. Accordingly, the Company respectfully requests that the Coeur d'Alene Tribe expeditiously grant permission of this designation.

If you have any questions or need additional information, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read 'Robert Yap', written over a white rectangular area.

Re: DISH Wireless L.L.C. dba Gen Mobile (“DISH Wireless”, “Company”, or “we”) Application for Designation as an Eligible Telecommunications Carrier (“ETC”) in the State of Idaho for the Limited Purpose of Providing Lifeline Service to Qualifying Customers

To Whom It May Concern:

Please find enclosed a copy of DISH Wireless L.L.C. dba Gen Mobile’s Application for Designation as an ETC in the State of Idaho (“Application”). DISH Wireless seeks ETC designation for the limited purpose of providing Lifeline service under the brand name “Gen Mobile” to qualifying Idaho consumers, including the consumers residing on federally recognized Tribal lands. As detailed in the Application, DISH Wireless is in the process of deploying facilities-based 5G wireless broadband services in Idaho and other markets around the U.S. In areas where our network is not available, DISH Wireless will provide Lifeline services on a resale basis on the networks of AT&T and T-Mobile. This Application was filed with the Idaho Public Utilities Commission (“Commission”) on March 2, 2023, Docket No. DWL-T-23-01.

We respectfully request permission from the Shoshone-Bannock Tribe to be designated as an ETC in the Tribal lands of Shoshone-Bannock. Designation of DISH Wireless as an ETC would advance the public interest for the Shoshone-Bannock Tribe because it will increase the number of telecommunication providers offering Lifeline service. Increasing the number of Lifeline service providers will promote competition and expand consumer choice for the consumers residing on Shoshone-Bannock Tribal lands. We intend to advance the integrity of the Lifeline program by providing Lifeline service to low-income consumers who suffer from the lack of affordable and available access to voice and broadband services in underserved and unserved areas of Shoshone-Bannock.

Granting permission for DISH Wireless to become an ETC in the Tribal lands of Shoshone-Bannock will enable the Company to commence much needed Lifeline services to low-income Shoshone-Bannock residents as soon as possible. Accordingly, the Company respectfully requests that the Shoshone-Bannock Tribe expeditiously grant permission of this designation.

If you have any questions or need additional information, please do not hesitate to contact me.

Sincerely,
