Envision Networks LLC (“Company”) holds Certificate of Public Convenience and Necessity (“CPCN”) No. 529. This matter comes before the Commission due to the Company’s failure to provide reports to the Commission regarding the number of customers to which it is providing basic local exchange service, in violation of Order No. 34443. *See Idaho Code* § 62-605(5)(b).

**BACKGROUND**

The Commission has noneconomic regulatory authority over telephone corporations that provide basic local exchange service<sup>1</sup> in Idaho. *See Idaho Code* § 62-605(5)(b). A provider of basic local exchange service must apply to the Commission for a CPCN. *See* Order No. 26665.

A CPCN can be valuable to a telephone corporation. Idaho Code grants telephone corporations broad access to rights of way along public roads and highways, and a provider that holds a CPCN issued by the Commission is generally presumed to be a telephone corporation by governmental entities granting right-of-way access. *See Idaho Code* § 62-701. Telephone corporations that do not provide basic local exchange service are ineligible for a CPCN because the Commission has almost no regulatory authority over them. *See* Order Nos. 26665 at 1, and 32059 at 2-3.

The Commission issued the Company CPCN No. 529 in October 2019 subject to several conditions. In a September 9, 2020 decision memorandum, Staff asserted that the Company has failed to meet a condition the Commission placed on the Company when it approved the

Company's application ("condition 4'). Specifically, in Order No. 34443, the Commission ordered:

The Company must provide three reports to the Commission indicating the number of basic local exchange customers it has and the services being offered. These reports will be due on: January 15, 2020; May 15, 2020; and September 15, 2020. If the Company fails to provide the three reports, the Company shall relinquish its CPCN and all telephone numbers.

Order No. 34443 at 2.

The Company has failed to file any of the three mandated reports.

### STATUTORY AUTHORITY

The Commission has jurisdiction in this matter under *Idaho Code* § 61-501, which vests the Commission with the authority and jurisdiction to supervise and regulate every public utility in the state. *Idaho Code* § 62-605(5)(b) gives the Commission "continuing authority to determine the noneconomic regulatory requirements relating to basic local exchange service for all telephone corporations providing basic local exchange service...." Under *Idaho Code* § 61-624, the "[C]ommission may at any time, upon notice to the public utility affected, and after opportunity to be heard as provided in the case of complainants, rescind, alter[,] or amend any order or decision made by it," including an order granting a CPCN to a telephone corporation. See *Idaho Code* §§ 61-612 to 61-618.
