

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF FARMERS MUTUAL) CASE NO. FMT-T-20-03
TELEPHONE COMPANY’S APPLICATION)
FOR A 2018 INVESTMENT TAX CREDIT) ORDER NO. 34934
FOR INSTALLING QUALIFYING)
BROADBAND EQUIPMENT)

On December 10, 2020, Farmers Mutual Telephone Company (“Company”) applied to the Idaho Public Utilities Commission (“Commission”) for an order confirming that equipment it installed in 2018 is “qualified broadband equipment” under *Idaho Code* § 63-3029I (Income tax credit for investment in broadband equipment). With this order, we confirm that the installed equipment is “qualified broadband equipment” under *Idaho Code* § 63-3029I.

THE APPLICATION

In its Application, the Company states that in 2018 its net investment in qualifying broadband equipment was \$564,627.12. Application, Exhibit A. The Company asserts it made certain investments that constitute “qualified broadband equipment”. Application at 1; see *Idaho Code* § 63-3029I(3)(b). The Company states the installed equipment is capable of transmitting signals at rates that meet or exceed the required rates of 200,000 bits per second to a subscriber and 125,000 bits per second from a subscriber. See Application, Exhibit A. The Company estimates that more than 93% of its Idaho customers have access to its broadband network. See Commission Staff’s February 10, 2021 Decision Memorandum at 2. Finally, the Company certifies that the equipment it lists in its Application qualifies for the broadband tax credit under *Idaho Code* § 63-3029I. Application, Exhibit A.

THE BROADBAND EQUIPMENT TAX CREDIT

Idaho Code § 63-3029I allows a taxpayer to receive an income tax credit for having installed qualified broadband equipment during a calendar year. Before the taxpayer is eligible for the tax credit, the taxpayer must first apply to the Commission for an order confirming that the installed equipment is “qualified broadband equipment” as defined in the statute. *Idaho Code* § 63-3029I(4). The statute defines “qualified broadband equipment” as equipment that: (1) qualifies for the *Idaho Code* § 63-3029B capital investment credit that “is capable of transmitting signals at a rate of at least [200,000 bps] to a subscriber and at least [125,000 bps] from a subscriber” (*Idaho*

Code § 63-3029I(3)(b)); and (2) is “primarily used to provide services in Idaho to Idaho public subscribers.” See *Idaho Code* § 63-3029I(3)(b)(vii).

In furtherance of its statutory responsibility, the Commission has issued Order No. 28784.¹ That order specifies the information the taxpayer must include in the broadband tax credit application. When the taxpayer files the application, the Commission Staff reviews it to determine whether the listed equipment meets the statutory definition of “qualified broadband equipment.” Staff then submits a recommendation to the Commission. If the Commission ultimately approves the application, then the Commission forwards it and the order to the Idaho State Tax Commission.

STAFF REVIEW

Staff reviewed the Company’s Application under *Idaho Code* § 63-3029I. Based on its review, Staff believes the listed equipment meets the statutory criteria and is “qualified broadband equipment” that is eligible for the tax credit. Staff thus recommended the Commission: (1) issue an order confirming that the Company’s equipment is “qualified broadband equipment,” and (2) forward copies of the Application and order to the Idaho State Tax Commission.

COMMISSION FINDINGS

Having reviewed the Company’s Application and Staff’s recommendation, we find that the Company’s equipment identified in Case No. FMT-T-20-03 is “qualified broadband equipment” eligible for the tax credit under *Idaho Code* § 63-3029I. Accordingly, it is appropriate for the Commission to issue an order confirming that the Company’s equipment is “qualified broadband equipment.” The Commission makes no findings regarding the costs of the installed broadband equipment or other expenses.

ORDER

IT IS HEREBY ORDERED that the Company’s Application for an order confirming that equipment it installed in 2018 is “qualified broadband equipment” is granted.

IT IS FURTHER ORDERED that a copy of this order and a copy of the Application be served on the Idaho State Tax Commission.

THIS IS A FINAL ORDER. Any person interested in this order (or in issues finally decided by this order) may petition for reconsideration within twenty-one (21) days of the service date of this order regarding any matter decided in this order. Within seven (7) days after any person

¹ The Commission issued Order No. 28784 pursuant to *Idaho Code* § 63-3029I(4), which empowers the Commission to “issue procedural orders necessary to implement” the statute.

has petitioned for reconsideration, any other person may cross-petition for reconsideration. See *Idaho Code* §§ 61-626 and 62-619.

DONE by Order of the Idaho Public Utilities Commission at Boise, Idaho this 24th day of February 2021.

PAUL KJELLANDER, PRESIDENT

KRISTINE RAPER, COMMISSIONER

ERIC ANDERSON, COMMISSIONER
