### 4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations and provide a list of newly served community anchor institutions.

#### Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

**4001.** Recipient certifies that it is offering broadband meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas.

#### RBE Community Anchor Institutions

<4003a> Indicate if the carrier newly deployed broadband service to community anchor institution(s) in the previous calendar year

<4003b> Please Provide Attachment: Using link, download template and list the number, name and address for each community anchor institution. Attach the document which contains the community anchor institution details as required by FCC 14-98 (paragraph 79)

### Inland Cellular's Tribal Engagement

Inland Cellular (IC) serves the Nez Perce Tribe (NPT) Reservation and surrounding rural communities in north-central Idaho, and we have a long-standing relationship to enhance voice and data services to these areas. Inland regularly coordinates with the NPT Department of Technology Services to assess buildout needs and challenges, including opportunities to apply for funding to enhance services, such as Mobility Funds. Inland and the NPT successfully implemented its stated partnership with the NPT BiP/BTOP applications (see attached Memorandum of Understanding dated on or about December 17, 2012, between IC and NPT) and we continue to share co-location facilities at discounted rates, advertise services in local communities, provide traffic backhaul to each other and continue to identify future sites and business opportunities to bring new and enhanced services to the Nez Perce Tribe.

Inland implements its delegated federal trust responsibility from the FCC and uses the FCC's TCNS portal. When requested by a tribe, Inland will consult directly with the interested tribe. When the Nez Perce Tribe requests consultation, Inland works directly with representatives of the Nez Perce Tribal Executive Committee, the Tribal Historic Preservation Officer and the Nez Perce Cultural Resources Program, along with the State Historic Preservation Officer as applicable, to ensure compliance with the environmental and cultural preservation review process. Inland contracts with the Nez Perce Tribe to conduct archaeological surveys and traditional cultural property studies on the Nez Perce Tribe Reservation and other lands of importance to the Nez Perce Tribe. As technologies and data speeds advance, rural communities without access to broadband and other fixed and mobile wireless solutions will be further disadvantaged, and our partnership with the Nez Perce Tribe multiplies the return on our efforts to close that gap. As an example, IC has entered into talks with NPT to explore a partnership in the upcoming 2.5GHz Rural Tribal Window. The goal is to leverage each other's strengths to close mobile broadband gaps on NPT Reservation lands. In addition, IC has executed as of July 2, 2018, a Special Services Contract for partnering with NPT to build two new towers to be used for mobile and broadband services on NPT Reservation lands – this project is still ongoing.

Inland Cellular continues to lease tower space and data transport from and to NPT, and keep in regular touch with NPT to discuss future partnerships.

**Ability to Remain Functional in Emergencies Certification**  
**§54.313(a)(6)**

*ETCs must demonstrate that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to re-route traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.*

Re: Inland Cellular LLC (f/k/a Washington RSA No. 8 Limited Partnership) (SAC 479007) (“Company”)

The Company is able to remain functional in emergencies as set forth in Commission Order No. 29841 and in 47 C.F.R. §54.201(a)(2), as such standards relate to functionality of wireless carriers in emergency situations. The Company maintains back-up power to ensure functionality without an external power source in the forms of auxiliary generators and batteries in its central office and auxiliary generators and/or batteries at its cellular tower locations. The Company also constantly monitors traffic on its tower locations and its switching capability is more than adequate to manage the traffic of its subscribers.

The Company is able to re-route traffic around damaged facilities. All Inland Cellular subscribers are defaulted to roam on competitors should an Inland Cellular signal not be obtained.

CERTIFICATION BY ELIGIBLE TELECOMMUNICATIONS CARRIER  
OF COMPLIANCE WITH SERVICE QUALITY AND CUSTOMER  
PROTECTION, ABILITY TO REMAIN FUNCTIONAL IN EMERGENCIES,  
AND USE OF FEDERAL HIGH-COST SUPPORT.

### AFFIDAVIT OF BUSINESS OR CORPORATE OFFICER

The Idaho Public Utilities Commission Order No. 29841 requires that Eligible Telecommunications Carriers (ETC) certify that it is compliant with applicable service quality standards and consumer protection rules; and ETCs must demonstrate the ability to remain functional in emergencies. In addition, the Commission must file an annual certification with the USAC and the FCC that all federal high-cost support provided to ETCs within the State of Idaho will be used only for the provision, maintenance, and upgrading of facilities and services for which the support is intended. Accordingly, the undersigned states and verifies under oath the following:

1. I am an officer of Inland Cellular LLC, an eligible telecommunications carrier for receiving federal universal service support under section 214(e) of the Telecommunications Act of 1996 in the state of Idaho.
2. I am familiar with the Company's day-to-day operations in the state of Idaho and with the State's service quality standards and consumer protection rules as set forth in Commission Order No. 29841.
3. Inland Cellular LLC is complying with applicable service quality standards and consumer protection rules of the Federal Communications Commission and the Idaho Public Utilities Commission.
4. I certify to the Commission that the Company is able to remain functional in emergencies as set forth in Commission Order No. 29841 and in 47 C.F.R. § 54.202(a)(2).
5. I also certify that all federal universal service support funds received by Inland Cellular LLC during the current calendar year will be used in a manner consistent with section 254(e); that is, for the provision, maintenance, and upgrading of facilities and services for which the support is intended. The company will continue to comply for the period of January 1, 2022, through December 31, 2022, to be eligible for federal universal service fund support.
6. This verification and affidavit is provided to be the Idaho Public Utilities Commission to enable the IPUC to certify to the FCC that federal universal service support received by the eligible carriers in the state will be used in a manner consistent with Section 254(e) of the Telecommunications Act.
