UTILITIES COMMISSION

GUR-T-2109

Leader Communications, LLC submits this application seeking an Order for income tax credit for Leader Communication's investment in "qualified" broadband equipment. The following information is provided for your consideration:

1. *Name and address of applicant including the contact person in the event there are questions regarding the application and its content. Indicate whether the applicant is a telecommunications carrier, a commercial mobile service carrier, a cable or open video operator, a satellite carrier, or other type of wireless carrier.*

Leader Communications LLC  
1613 Idaho Street UNIT 1207  
Lewiston, Idaho 83501  
208-245-8400

Contact- Jason Frawley  
jfrawley@sm-email.com  
www.leadercomm.net

Leader Communications is a **FIXED TERRESTRIAL WIRELESS INTERNET PROVIDER**

2. *Identify the area of location where the equipment is installed in Idaho.*

The equipment referenced in our application was installed in the communities of Harrison, St. Maries, Potlatch, Princeton, Worley, Plummer, Elk River, Lewiston, and Coeur d' Alene. Specifically the equipment was installed in Benewah, Latah, Clearwater, Nez Perce, and Kootenai counties.

3. *Describe the type of broadband service(s) offered to the public in Idaho.*

Leader Communications LLC delivers broadband Internet to the residents and businesses of the above areas via wireless microwave and some with fiber optics.

4. *State the network transmission rate in bits per second at which subscribers to the relevant broadband network can receive and send (download and upload)*

The network is capable at transmitting services from 2.0 mbps download and 1mbps upload all the way up to 1.2 Gbps full duplex in areas. Our most popular plan is the platinum which is 7 and 2.5 mbps and 3 - 4mbps upload.

5. *Provide a specific list of the equipment or types of equipment that the applicant is requesting that the Commission determine is “qualified broadband equipment” as defined in the Idaho Code 63-3029(3)(b). List the brand, manufacturer, model numbers, or other distinguishing features of the installed equipment.*

Please see attached list of equipment deployed.

6. *Provide the date (s) or time period when the broadband equipment was installed in Idaho.*

All of the equipment was deployed Jan 1, 2020 thru Dec 31, 2020.

7. *Provide a written description (including basic schematics or general drawings) of the relevant broadband network including a description of how the installed equipment is “an integral part” of a broadband network.*

Please see included Coverage Map showing the areas in which we provide our services.

Description of Leader Communications, LLC broadband network:

The network shown in conjunction with the coverage map is a wireless microwave network with the Core of the network being in St. Maries, Idaho. From our Tower.12 location there is a 598 mbps licensed microwave link to our upstream provider Zply Fiber. From that location there are numerous wireless point to point links to adjoining tower locations such as Tower.10, Tower.11, and Tower.28 which are just a few of the main locations that allow us to distribute additional point to point links from those locations to other strategically located tower locations. Also there is an additional link of 200mbps from Moscow Mountain to Princeton, Idaho where that market is fed from. Within each of our areas, there are several point to multipoint access points allowing us to connect the end user with a Customer Premise microwave radio which is purchased and installed by Leader Communications. We have also recently installed an additional 420mbps microwave link to Harrison and also installed a 1gbps fiber optic link in St. Maries.

8. *Quantify the percentage and number of potential Idaho subscribers that could be served with the broadband equipment and the percentage and number of non-Idaho subscribers that will be/could be served by the broadband network. Leader Communication's network could potentially cover around 18,000 residents. Currently, we provide services to around 3000 of these locations and constantly expanding our services. Non of our coverage area provides services to non-Idaho subscribers. About 16% of the population is serviced by Leader Communications.*
9. *Enclose a statement certifying that the applicant has read the applicable statutes for broadband investment income tax credit and the applicant believes that the subject broadband equipment qualifies for the tax credit under Idaho Code 63-30291.*

Certification: I hereby certify that I have read the applicable statutes and believe the broadband equipment listed in this application qualifies for the tax credit under Idaho Code 63-3029i.

If there are any questions related to this application please don't hesitate to contact me by phone at (208) 305-3290 or via email at [jfrawley@sm-email.com](mailto:jfrawley@sm-email.com)

We appreciate your consideration of this application.

Warm regards,

Jason Frawley  
President
