IN THE MATTER OF AT&T MOBILITY II) CASE NO. GNR-T-25-09
LLC’S APPLICATION FOR THE 2024)
BROADBAND EQUIPMENT TAX CREDIT) NOTICE OF APPLICATION
)
) **NOTICE OF MODIFIED**
) **PROCEDURE**
)
) **ORDER NO. 37035**

On September 22, 2025, AT&T Mobility II LLC (“Company”) applied to the Idaho Public Utilities Commission (“Commission”) for an order confirming that equipment the Company installed during 2024 is “qualified broadband equipment” under *Idaho Code* § 63-3029I (Income tax credit for investment in broadband equipment) (“Application”).

We now issue this Notice of Application and Notice of Modified Procedure establishing written comment deadlines.

BACKGROUND

In 2001, House Bill 377 was enacted, authorizing income tax credit for the installation of qualifying broadband infrastructure in Idaho. *Idaho Code* § 63-3029B(3)(a)(ii). *Idaho Code* § 63-3029I allows a taxpayer to receive an investment tax credit for eligible broadband equipment installed during a calendar year.

Qualified broadband equipment is defined as equipment “capable of transmitting signals at a rate of at least two hundred thousand (200,000) bits per second to a subscriber and at least one hundred twenty-five thousand (125,000) bits per second from a subscriber.” *Idaho Code* § 63-3029I(3)(b). If the equipment is installed by a telecommunications carrier, it must also be “necessary to the provision of broadband services and an integral part of a broadband network.” *Idaho Code* § 63-3029I(3)(b)(i). The equipment must be primarily used to provide services to subscribers in Idaho to qualify for the credit. *Idaho Code* § 63-3029I(3)(b)(vii).

To be eligible for the tax credit, the taxpayer must obtain an order from the Commission confirming that the installed equipment meets the statutory definition of qualified broadband equipment. Commission Order No. 35297 and *Idaho Code* § 63-3029I(4). Prior to making such a determination, the Commission requires applicants to submit “a specific list of the equipment or

types of equipment that the applicant is requesting that the Commission determine is ‘qualified broadband equipment’ as defined in *Idaho Code* § 63-3029I(3)(b),” and to “[l]ist the brand, manufacturer, model numbers of the installed equipment, number of items, and total cost.” Order No. 35297, Attachment A. Once the Commission has determined that the installed equipment is eligible for the broadband equipment tax credit, an order along with the original Application is forwarded to the Idaho Tax Commission.
