SECTION 3 - GENERAL REGULATIONS

2.1 DESCRIPTION OF SERVICE

Company provides facilities-based competitive Telecommunications services. Service is offered for private line point-to-point circuits to business and enterprise Customers pursuant to the terms of this Tariff.

Service is available 24 hours per day, seven days per week and is subject to the availability of necessary equipment and facilities and the economic feasibility of providing such necessary equipment and facilities.

Services are offered via Company's facilities (whether owned, leased, or under contract) where available, in combination with facilities or resold Services provided by other carriers or providers.

2.2 TERMS AND CONDITIONS

2.2.1 A Service may be initiated only based on a Service request by a potential Customer. To initiate a Service request for a Service purchased pursuant to this Tariff, Customer must complete a Service application and provide the information required by Company on such application, including at a minimum: Customer's name; an address to which Company shall provide Service; the Service requested; and a billing address (if different than the Service address). The Service application does not itself bind either Customer to subscribe to the Service or Company to provide the Service. If the Service application is accepted by the Company, Customer shall enter into Company's standard written agreement for the requested Service(s). If a potential Customer enters into an ICB written contract with the Company, the terms and conditions of that contract apply to the Service(s) provided.

2.2.2 Request for Service under this Tariff will authorize Company to conduct a credit search on Customer. Company reserves the right to refuse Service on the basis of credit history, and to refuse further Service due to late payment or nonpayment by Customer. Potential Customers who are denied Service must be given the reason for the denial in writing within 10 days of Service denial.

2.3 LIMITATIONS OF SERVICE

- 2.3.1 Services requested by Customer pursuant to this Tariff are offered subject to the availability of the necessary facilities and/or equipment and subject to the provisions of this Tariff.
- 2.3.2 Company reserves the right to discontinue or limit Service when necessitated by conditions beyond its control (examples of these conditions are more fully set forth elsewhere in this Tariff), or when Service is used in violation of provisions of this Tariff or the law.
- 2.3.3 Company does not undertake to transmit messages, but offers the use of its Services when available, and, as more fully set forth elsewhere in this Tariff, Company shall not be liable for errors in transmission or for failure to establish connections.
- 2.3.4 Company reserves the right to discontinue Service, limit Service, or to impose requirements as required to meet changing regulatory or statutory rules and standards, or when such rules and standards have an adverse material effect on the business or economic feasibility of providing Service, as determined by Company in its reasonable judgment.
- 2.3.5 Company reserves the right to refuse an application for Service made by a present or former Customer who is indebted to Company for Service previously rendered pursuant to this Tariff until the indebtedness is satisfied.

2.4 SHORTAGE OF FACILITIES OR EQUIPMENT

- 2.4.1 Company reserves the right to limit or to allocate the use of existing facilities, or of additional facilities offered by Company, when necessary because of lack of facilities, or due to some other cause beyond Company's control.
- 2.4.2 The furnishing of Service under this Tariff is subject to the availability on a continuing basis of all the necessary facilities and is limited to the capacity of Company's facilities as well as facilities Company may obtain from other carriers to furnish Service from time to time as required at the sole discretion of Company.

2.5 CONTRACTS

Individual Case Basis Service Contracts will be used for various Service offerings and special arrangements or construction. ICB Contracts will be offered in response to the specific, individual requirements of Customer. Such ICB contract rates or customer-specific pricing differs from Company's standard or general Tariffed offerings because they are based on special circumstances such as a volume or term commitment, or a Customer-specific Service arrangement.

ICB Contract offerings will be made available to similarly situated Customers in substantially similar circumstances.

The rates, terms, and conditions of ICB Contracts will prevail in the case of a conflict with the rates, terms, and conditions of this Tariff.

2.6 USE OF SERVICE

2.6.1 Service may be used by Customer for any lawful purpose for which the Service is technically suited.

2.6.2 Customer obtains no property right or interest in the use of any specific type of facility, Service, equipment, process, or code. All right, title, and interest to such items remains, at all times, solely with Company.

2.6.3 Use and Ownership of Equipment.

Company's equipment, apparatus, channels, and lines shall be carefully used. Equipment furnished by Company shall remain its property and shall be returned to Company whenever requested, within a reasonable period following the request, in good condition (subject to reasonable wear and tear). Customer is required to reimburse Company for any loss of, or damage to, the facilities or equipment on Customer Premises, including loss or damage caused by agents, employees, or independent contractors of Customer through any negligence.

2.7 RESPONSIBILITIES OF CUSTOMER

Customer is responsible for: 1) placing any necessary orders, 2) complying with Tariff regulations, 3) assuring that users comply with Tariff regulations, and 4) payment of charges set forth herein. Customer is responsible for arranging access to the premises at times mutually agreeable to Company and Customer when required for installation, repair, maintenance, inspection, or removal of equipment associated with the provision of Company Services.

All charges due by Customer are payable to Company or to Company's authorized billing agent upon presentation of the bill.
