IDAHO PUBLIC UTILITIES COMMISSION

Jan Noriyuki Commission Secretary Idaho Public Utilities Commission 11331 W. Chinden Blvd., Bldg. 8, Ste. 201-A Boise, Idaho 83714

QWE-T- 22-17

Dear Ms. Noriyuki,

Pursuant to Commission Order No. 35297, GNR-T-21-10 please find enclosed Qwest Corporation's application for the Idaho Broadband Tax Credit for the year 2021. This application is being submitted for Commission determination that the broadband equipment installed for 2021 meets the definition of qualified broadband equipment as found in Idaho code 63-3029I.

1. Name address of the applicant:

Qwest Corporation 100 CenturyLink Drive Monroe, LA 71203

Contact Person:

Amanda Brown, Director - Tax Accounting

Phone: 318-330-6327

Qwest Corporation is a Telecommunications Carrier

2. Identify the area or location where the equipment is installed in Idaho.

Please refer to Exhibit 1 (Qwest Corporation) for equipment installed in the year 2021. See Exhibit 2 for retirements.

Broadband investment and retirements for 2021 are as follows:

YEAR	INVESTMENT	RETIREMENTS	NET INVESTMENT
2021	\$26,999,185	(\$118,825)	\$26,880,360

3. Type of Broadband service offered to the public in Idaho.

Qwest Corporation uses terrestrial wireline technology. Various forms of DSL-based equipment are used (ADSL & VDSL in various vintages). Transport is a mix of fiber optic and metallic cable, which typically is also supporting traditional telephony services. Equipment terminals are located in Central Office buildings, remote buildings and in cabinets on concrete pads each serving a neighborhood.

4. Provide the lowest transmission rate offered to customers, in bits per second, that subscribers to the relevant broadband network can receive and send (download and upload):

The lowest transmission rate offered to customers is 500,000 bits per second for downloads and 250,000 bits per second for uploads.

5. Provide a specific list of equipment types that the application is requesting the Commission to determine is "qualified broadband equipment" as defined in Idaho Code Section 63-3029I.

Please refer to Exhibit 1 for the year 2021.

6. Installation dates:

Please refer to Exhibit 1 for the year 2021.

7. Percentage and number of potential subscribers:

Please refer to Exhibit 3 for the year 2021.

8. Certified statement from applicant:

Please See Exhibit 4.

If you have any questions concerning this filing, please contact me at (318) 330-6327.

Sincerely,

Amanda Brown

Senior Director - Tax

Encl

NOTE: Where LU means Living Unit. A Living Unit is a street address where CenturyLink might send a bill and where wireline plant is not far away. A working Living Unit is an address where CenturyLink now sends a bill for some type of service, not necessarily internet

access service and not necessarily telephony service. A qualified LU is an address where

DSL-based service could be provisioned in a short interval of time.

Broadband
Certification

2021

IDAHO BROADBAND CERTIFICATION EXHIBIT 4 2021

I hereby, certify that Representatives of Qwest Corporation (the applicant) have read the application statutes for the broadband investment income tax credit and the applicant believes that the subject broadband equipment qualifies for the tax credit under Idaho Code Section 63-3029I.

Douglas A. Richards SVP Global Tax
