Re: Sprint Communications Company L.P.

SPR-T-21-01

Dear Ms. Noriyuki,

Sprint Communications Company L.P. ("Sprint Communications") respectfully requests that the Idaho Public Utilities Commission ("Commission") cancel Sprint Communications' certificates to provide basic local exchange service as a competitive carrier and interexchange services in Idaho.

Sprint Communications filed its registration for interexchange services with the Commission on April 22, 1988. The Commission later granted Sprint Communications a certificate to provide basic local exchange service in Case No. SPR-T-97-2.

Sprint Communications has obtained the required FCC 47 CFR 63.71 approvals to discontinue service and no longer has customers receiving any basic local service or interexchange services requiring a certificate. Accordingly, there are no customers to be notified regarding this request, and cancellation of Sprint Communications' certificate will have no adverse consequences for consumers in Idaho. Sprint Communications is also withdrawing its competitive access tariff, Idaho P.U.C. Price List No. 5.
