---

In March and April 2026, the Idaho Legislature passed, and the Governor signed, SB 1373 and SB 1384<sup>1</sup>, appropriating a total of \$7,717,500 to the Idaho Public Utilities Commission (“Commission”) for Fiscal Year (“FY”) 2027 (July 1, 2026 to June 30, 2027). The total appropriation includes \$7,077,000 from fees assessed on public utilities and railroads; \$385,800 for federal grants; \$219,300 for indirect funds; and \$35,400 in capital outlay. This Order assesses the utilities their share of the total appropriation.

For FY 2025, there was a one-time carry-over balance of \$906,100 for regulated utilities that is counted as a credit against this FY 2027’s assessment. The calculated assessment is \$6,021,907 for FY 2027 utility operations.

During calendar year 2025, the reported gross operating revenues from Title 61 and Title 62 utility operations in Idaho were \$2,880,351,200. This represents a reported revenue decrease of approximately \$4.1 million (0.14%) from the prior year. Consequently, for FY 2027, the proportionate share of each regulated utility’s regulatory fee shall be assessed at 0.2091%. In no case shall the proportionate share of any utility’s assessed regulatory fee be less than \$50.00. *Idaho Code* § 61-1004(4).

**FINDINGS OF FACT**

Pursuant to *Idaho Code* §§ 61-1001 et seq. and *Idaho Code* § 62-611, the Commission is authorized to assess \$6,021,907 for supervising and regulating public utilities subject to its jurisdiction.

The total reported gross operating revenues derived from the intrastate utility business for all regulated public utilities for the 2025 calendar year was \$2,880,351,200.

---

<sup>1</sup> SB 1384 provides an enhancement to the Commission’s FY 2027 maintenance budget (SB 1373), authorizing \$35,400 in capital outlay for the replacement of 19 laptops.

The proportionate assessment for each regulated public utility is 0.2091% of its Idaho gross operating revenue derived from intrastate utility business for the 2025 calendar year. In no case shall the calculated regulatory fee be less than \$50.00 per utility.

**ORDER**

IT IS HEREBY ORDERED, except as provided in the following paragraph, that each Title 61 public utility and Title 62 telephone corporation operating within the State of Idaho subject to the jurisdiction of this Commission shall pay to the Commission a regulatory fee for the FY 2027 amounting to 0.2091% of its Idaho gross operating revenue derived from intrastate utility business for the 2025 calendar year.

IT IS FURTHER ORDERED that if the regulatory fee assessment any public utility or telephone corporation would be subject to under the assessment is less than \$50.00, then the public utility or telephone corporation shall pay to the Commission the minimum of \$50.00 as prescribed by law. *Idaho Code* § 61-1004(4).

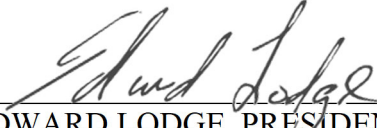

IT IS FURTHER ORDERED that at least one-half of such regulatory fee shall be paid to the Commission on or before May 15, 2026, and any remaining balance shall be paid on or before November 15, 2026.

IT IS FURTHER ORDERED that if the payment is not made by the due dates, the installment or portion thereof so due shall bear interest at the rate of 6% per annum until such time as the full amount is paid (including interest) and such delinquent payment shall be subject to an action in the name of the State for collection. *Idaho Code* § 61-1005.

THIS IS A FINAL ORDER. Any utility objecting to the assessment prescribed in this Order must file a written objection with the Commission no later than May 15, 2026. *Idaho Code* § 61-1007.
