Hayden Lake water company will expand

Boise – The Idaho Public Utilities Commission approved a request by Bar Circle “S” Water Co., of Hayden Lake to expand its service territory by 65 acres to provide domestic water service to approximately 13 five-acre lots.

The developer of the property, Raymond Vaudreuil of Hope Realty, has agreed to pay all line extension costs of about \$73,860. The proposed subdivision is directly adjacent to the current Bar Circle service area and requires only a line extension across Ramsey Road to tie into the water system.

The Kootenai County water company serves about 145 customers.
