RE: Amended rate request

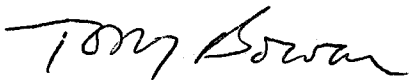

Sirs:

This is an amended rate increase request. The primary reason for the rate increase is to pay for 'Nitrate Mitigation' as ordered by the DEQ. After looking for financing and talking with the homeowners of the Brian Subdivision, it is understood that another \$22.50 needs to be added to the monthly base rate.

The additional \$1000/mo. will be used to pay the engineering fee and then pay for a new, deeper well.

The effective date needs to be May 1, 2012.

Thank you.

Tony Bowar

JESSE CHAN, P.E.  
March 6, 2012

To whom it may concern,

I, Jesse Chan, a licensed professional engineer in the State of Idaho, have accepted the request from the Owner of Brian Water Corporation to complete the engineering tasks involved with mitigating the nitrate problem in the water supply. I will stamp the documentation supporting the mitigation plan.

Sincerely,

*Jesse Chan, P.E.*

Jesse Chan, P.E.

*Brian Water Corp will pay a fee of \$4000.00
