Re: CASE NO. CAP-W-22-01
IN THE MATTER OF THE APPLICATION
OF CAPITOL WATER CORP. TO
CHANGE ITS SCHEDULE NO. 3
PURCHASED POWER COST ADJUSTMENT RATE

Dear Ms. Noriyuki,

Enclosed are an original and seven copies of an application and exhibits for approval of Capitol Water Corporations change in its Schedule No. 3 Purchased Power Cost Adjustment. The change is necessitated by Idaho Power Company's changes in the rates and charges for electric service to Capitol Water Corporation.

Applicant is requesting that the Commission process this application under its rules of modified procedure without hearing.

An electronic version of Applicant's application, exhibits and work papers is also enclosed for the Commission Staff's review.

Sincerely,

Robert Price, President
Capitol Water Corporation

BEFORE THE IDAHO PUBLIC UTILITIES COMMISSION

IN THE MATTER OF THE APPLICATION)	CASE NO. CAP-W-22-01
OF CAPITOL WATER CORP. TO)	
CHANGE ITS SCHEDULE NO. 3)	APPLICATION
PURCHASED POWER ADJUSTMENT RATE)	

COMES NOW Capitol Water Corporation (“Capitol”, “Applicant” or “Company”), holder of Certificate of Convenience and Necessity Number 239, and files this Application to change its Schedule No. 3 Purchased Power Cost Adjustment rate to recover the Company’s cost of electricity related to Idaho Power Company’s electric rate schedules that have been approved by the Idaho Public Utilities Commission (“IPUC” or Commission).

Applicant’s current base rates were established by Order No. 30762 in Case No. CAP-W-08-02. In that order the Commission adopted a three (3) year average of 1,454,401 KWh of electricity consumption at an average cost of 5.19¢ to establish rates for Applicant. Together these produce a total cost of electric power for Applicant of \$75,483.41.

Applicant’s actual power costs in the calendar year 2021 were \$93,212. This is a cost of \$17,729 more than embedded in the Company’s base rates. This additional cost requires an adjustment to customer rates of 2.72% as reflected in Exhibit No. 1 attached to this Application. Applicant proposes to recover these additional electric power costs by replacing the Company’s currently approved Schedule No.3 Purchased Power Cost Adjustment of 0.89% with a new Purchased Power Cost Adjustment of 2.72%.

Initially when the Commission approved the PPCA for Capitol Water Corporation, it adopted a three (3) year average of power consumption, as proposed by the Staff of the Commission (Staff), as more indicative of what to expect in the future. In case (CAP-W-17-01) the Commission adopted, the most recent twelve months of power costs as a better more efficient method for the Company to recover its’ increased electric power costs.

Also enclosed is a one page Exhibit No.2 that is a copy of the Company's current approved Schedule No. 3 in legislative format that shows the proposed change to the Purchased Power Cost Adjustment.

A new Schedule No. 3, with the proposed power cost adjustment rate, is enclosed for the Commission's approval with an effective date of November 15, 2022.

Applicant has provided a work sheet showing the detail of the Company's electric power bills used to develop the proposed power cost adjustment to the Commission's Staff for its review.

Applicant requests that the Commission process this Application under its rules of modified procedure and approve the rates effective November 15th, 2022.

Capitol Water Corporation will inform its customers of this application through a customer notice that will be included with customer bills to be mailed October 1, 2022 and by a news release that is being sent to the Idaho Statesman and the Idaho Business Review newspapers coincident with this filing. Copies of the customer notice and news release are enclosed as Exhibit Nos. 3 and 4 respectively.
