---

On April 15, 2026, the Commission issued Order No. 37002 in Case No. DRY-W-25-01. The following changes should be made to Order 37002.

Due to an oversight, **DRYW2501\_Attachment A** attached to Order No. 37002 was an incorrect attachment.

Attached hereto as Exhibit 1 is the corrected version of **DRYW2501\_Attachment A**, which should be substituted for the version previously filed. The corrected version of the attachment substantively changes only the Year 2 Sewer Company Monthly Customer Charge.

This correction makes no changes to the text of the underlying Order.

DATED at Boise, Idaho this 24<sup>th</sup> day of April, 2026.
