APPLICATION OF EAGLE WATER  
COMPANY, INC. TO AMEND CERTIFICATE )  
OF PUBLIC CONVENIENCE AND )  
NECESSITY )  
\_\_\_\_\_ )

CASE NO. EAG-W-03-01

COMES NOW, EAGLE WATER COMPANY, INC. ("Eagle Water"), by and through undersigned counsel and, pursuant to Section 61-526, Idaho Code and Rule 112 of the Idaho Public Utilities Commission Rule of Procedure ("IPUCRP"), applies to the Idaho Public Utilities Commission ("Commission") to amend and revise its Certificate of Convenience and Necessity No. 278 by enlarging and extending the boundary of the area in which it is authorized to provide service. In support of this Application, Eagle Water submits the following:

I.

Eagle Water is a public utility water corporation within the meaning of the Idaho Public Utilities Law, is duly organized and existing under the laws of the State of Idaho and engaged in conducting a general water business in and about Ada County, Idaho, having its principal office and place of business at 846 N. Eagle Road, Eagle, Idaho, 83616.

**II.**

Communication in reference to this Application should be addressed to:

Molly O'Leary  
Richardson & O'Leary PLLC  
99 E. State Street, Suite 200  
P.O. Box 1849  
Eagle, Idaho 83616

**III.**

A certified copy of Applicant's Articles of Incorporation, together with all amendments to date, is on file with the Commission.

**IV.**

Applicant owns and operates an extensive integrated water system in Ada County and renders general water service within such territory and to the inhabitants thereof.

**V.**

The developers of Petticoat Junction have requested that Eagle Water provide water service to Petticoat Junction. *See* Letter from Mr. Peter Cintorino, to Eagle Water, attached hereto as **Exhibit A**.

**VI.**

The area proposed to be served by this Application is known as Petticoat Junction. Petticoat Junction is located on the northeast corner of the intersection of State Highway 44 and State Highway 55, just east of the city of Eagle in Ada County. The general location of Petticoat Junction is depicted in **Exhibit B**, attached hereto. A true copy of the plat thereof is attached hereto as **Exhibit C**.

## VII.

Service to Petticoat Junction would be provided through Eagle Water's "Lakeland Subdivision Main" which runs east to west on State Street/State Highway 44. Extension of service to Petticoat Junction by Eagle Water will require excavation; installation of mains, fire hydrants and service meter boxes; bedding; backfill; compaction; inspection; and testing. The estimated construction cost for this project is \$31,000.00 to \$33,000.00, all of which will be paid by the Developer pursuant to Eagle Water's standard "Main Extension Contract" as provided for in its tariff on file with the Commission. In addition to construction costs, Eagle Water will incur legal fees in connection with this Application, which fees have yet to be determined.

Eagle Water proposes to begin construction in September 2003 and complete construction in October 2003.

The proposed expansion will add four commercial customers to Eagle Water's customer base. The estimated average monthly gross revenue per such customer is \$150.00.

There will be no affect on Eagle Water's revenue requirements.

## VIII.

Eagle Water has an adequate source of supply to provide service to Petticoat Junction in a safe and reliable manner.

## IX.

Eagle Water submits that the extension of its facilities to serve Petticoat Junction is consistent with the public convenience and necessity.

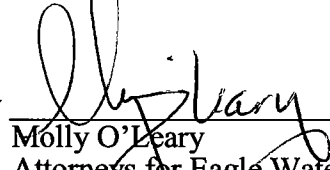

X.

Pursuant to IPUCRP Rule 201, Eagle Water respectfully requests that this application be processed pursuant to Modified Procedure.

DATED this 21<sup>st</sup> day of August, 2003.

Richardson & O'Leary P.L.L.C.

FROM

P.J.R. Development, Inc  
 756 South Moon Beam Way  
 Eagle, IDAHO, 83616

DEAR SIR;

WE ARE THE OWNERS OF A DEVELOPMENT  
 PARCEL CALLED "PETTICOAT JUNCTION SUBDIVISION"  
 LOCATED ON THE NORTHEAST CORNER OF N. HORSESHOE  
 BEARD ROAD AND STATE STREET (HWY 44) IN ADA COUNTY.

AT THIS TIME WE ARE BEING SERVICE WITH  
 A BAD WELL. THIS WELL WILL BE ABANDON WITHIN  
 THIRTY DAYS AND WE ARE REQUESTING THAT YOU  
 PROVIDE US WITH WATER SERVICE TO THE 5 SUB-  
 DIVISION LOTS IMMEDIATELY.

CONSTRUCTION ON 3 LOTS WILL START WITHIN  
 30 DAYS AND THE SINKER STATION NEEDS  
 THE WATER TO STAY OPEN

THANK YOU FOR YOUR TIME AND COOPERATION  
 IN THIS MATTER.

Respectfully,

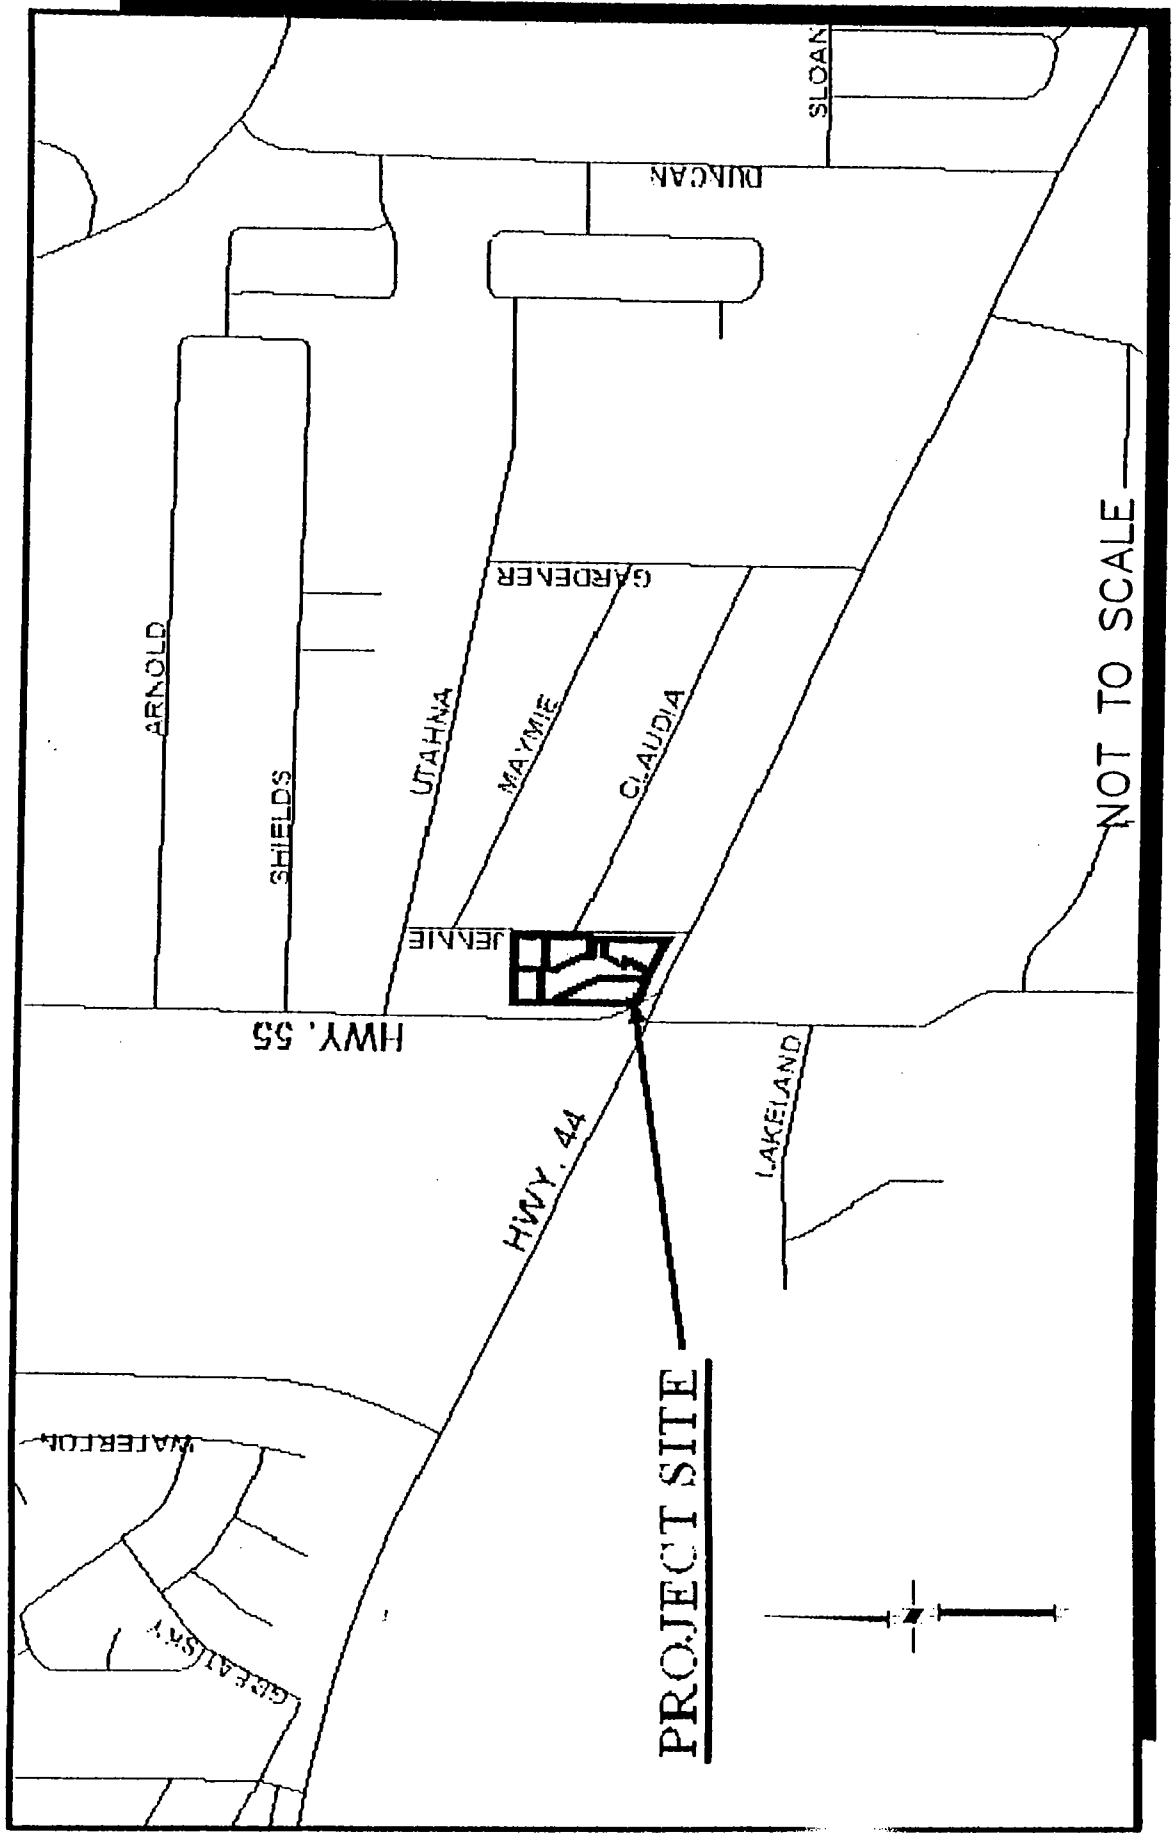

Peter J. Cinciarino . Pres.

**APPLICATION OF EAGLE WATER  
COMPANY, INC. TO AMEND CERTIFICATE  
OF PUBLIC CONVENIENCE AND NECESSITY**

BK. 57 89.9

**PLAT SHOWING  
PETTICOAT JUNCTION SUBDIVISION**

A resubdivision of a parcel of land all located in  
Lot 21 of BROSE SECOND SUBDIVISION, also in the  
Northwest 1/4 of the Southwest 1/4 of Section 14,  
T. 4 N., R. 1 E., B.M., Ada County, Idaho  
1986

**NOTES:**

1. This plat is subject to the requirements of Idaho Code, Section 31-3603.
2. Any resubdivision of this plat shall comply with the applicable zoning regulations in effect at the time of resubdivision.
3. Building setback limits in this subdivision shall conform to the applicable Zoning Regulations of Ada County and/or the City of Boise.
4. Developer and/or owner(s) of this subdivision shall comply with all requirements of the "Memorandum of Agreement" as recognized by Ada County Plat No. 8555103, Recorder's Office, Ada Co., Idaho, pertaining to water sewer services.
5. A public utilities, drainage, and irrigation easement five feet wide exists adjacent to all lot lines. All of Lot 8; being, a common area (of, as defined in the Declaration of Covenants related to this plat); is entirely, but not limited for use as a public, utilities, and drainage easement.
6. Lot 1 and 2, Block 1, are designated as future Idaho State Highway Right-of-Way.
7. A portion of Lot 6 and adjoining common area in Lot 8 have been designated as an alternative sewage system drainfield. If the alternative sewage system drainfield is to be used, then, prior to such use, the water main serving Lot 4 and running through a portion of Lot 6 and Lot 8 where the alternative sewage system drainfield is located shall be moved a minimum of 25 feet from said alternative sewage system drainfield.
