Name of Utility Company: Eagle Water

Comment: I understand that Suez is interested in buying Eagle Water. As an Eagle Water user for the past 13 years, I am concerned. From my research, many people have concerns about the quality (taste, smell, looks, etc) of water that Suez now provides it's customers. I have also heard from others that their customer service is poor. Finally, as I understand their proposed rate increases, my \$8.25 per month bill (a low volume water user) could go up by as much as 300% over the next three years. I strongly encourage the Commission to look closely at this purchase request and please keep in mind the water users as consumers of this important utility. Significant adjustments or even denial of this request may be in order. Certainly those of us who are low volume users should be rewarded for our water conservation. Thank you for your time.

**Name of Utility Company:** Suez water

**Comment:** Please, if the Idaho PUC really cares about the consumer and fellow citizens, when the proposed buy-out/takeover of Eagle water Company by Suez Water comes up for discussion and potential approval, PLEASE support the consumer and vote NO. They have a lousy track record and our water consumption fee's will skyrocket exorbitantly. There has to be a better way. Thank you for your consideration in this matter.

Name of Utility Company: Eagle Water Company

Comment: I implore the Idaho Public Utilities Commission not to approve the purchase of the Eagle Water Company by Suez. A large percentage of Eagle Water customers are retired and living on fixed incomes. Despite the information that Suez has submitted on their application, we know from other Suez customers that our costs for water usage are going to be considerably higher than what they are saying, possibly up to 8 to 10 times what we are currently paying. We cannot afford such huge increases for water usage and know that the dilemma we face will fall on deaf ears when it comes to Suez. We have always hoped that the City of Eagle would at some point purchase Eagle Water because, under that circumstance, our rates would probably increase but certainly to nowhere near the extent that Suez will do so. Please let the citizens of Eagle know what can be done to prevent this sale. Thank you.

Name of Utility Company: Eagle Water Company

Comment: I write to express my opposition to the proposed sale of Eagle Water Company to Suez Water Idaho, Inc. Suez has a dubious performance and service record in Idaho and elsewhere, and has stated that it plans to drastically increase rates. These proposed rate increases will have a significant negative impact on residents within the affected area and are unacceptable. Additionally, while I recognize the need for periodic improvements to Eagle's water infrastructure, it would be shortsighted to cede local control of Eagle's water supply and infrastructure to a foreign multinational corporation like Suez in order to make such improvements.

Eagle ID, 83616

Name of Utility Company: Eagle Water Company

Comment: PLEASE, PLEASE, PLEASE DO NOT let Suez take over the Eagle Water Company. I have not heard anything good about them. I have been with Eagle Water Company for 20+ years & there is nothing wrong with the water or the service. I've heard that Suez wants to upgrade the system & "treat" the water. The water is fine. The water is great! The customer service is great! The system might need minor upgrades, but from what I've heard, they are anticipating a 200%+ increase! This is uncalled for. PLEASE, PLEASE DO NOT LET THEM TAKE OVER.

Thank you for your consideration,  
Patti Tennies, a concerned Eagle Resident

Eagle ID, 83616

Name of Utility Company: Eagle Water

Comment: I would like to state my opposition to the sale of Eagle Water to Suez. Eagle Water has good service, is reasonably priced, and consistently meets our water needs. Suez has a reputation for poor customer service and is much more expensive. Why do we have to change from what's working? If you decide to approve Suez, what do we get for the extra money we will have to pay? Thank you for this consideration.

Name of Utility Company: Eagle Water Company

Comment: I am strongly against the potential sale of the Eagle Water Company to Suez. This sale will not benefit the public as-is proposed and will directly lead to steep rate increases for all. I have lived at another address and had Suez as my water provider and I was paying at least 5X what I am paying today with Eagle Water Company and I was less than 3 miles away. We oppose this sale!
