Address: 712 N Caracaras Pl  
Eagle ID, 83616

Name of Utility Company: Eagle Water Co.

Comment: Please do not sell out to the Suez Water Co. We are not hearing very things about this Co. and the thought of our water bills going up 200% is just wrong. We have been so pleased with Eagle Water. They have good customer service and the quality of water is unbeatable.

Thank You

Cindy James

**Name of Utility Company:** Eagle water company

**Comment:** I live on a fixed income and love the water that comes out of my faucet. Please don't allow the sale of Eagle water to Suez. I am extremely worried about an increase in my water bill. When I lived at the end of Curtis Drive my water bill was Xtreme. I was working then but it was still hard oh my my monthly budget. Now I'm retired. Please assist in keeping my bills reasonable. Thank you

Name of Utility Company: Eagle Water

Comment: Please do not approve the sale of Eagle Water Company to Suez. Suez has a long and consistent reputation of high costs, poor water quality, and poor customer service. Thank you.

Address: 1605 N. Estancia Place  
Eagle Idaho, 83616

Name of Utility Company: City of Eagle Water Department

Comment: I am opposed to the sale of Eagle Water to Suez Water company. The city of Eagle has a competent water service proved to residents and there is no need to sell the operation to Suez. I am satisfied with the present service, the water quality is excellent and I am confident that it is healthy. As a senior citizen I am concerned about future rate increases to private citizens and to commercial businesses in the City of Eagle. Every commercial business will see the need to increase prices thus driving small business out of Eagle. There are too many small corporations being sold out to large companies thus taking control from local operations. I am vehemently OPPOSED TO THIS SALE!!!

**Name of Utility Company:** Eagle Water

**Comment:** As a senior living on Social Security and what we were able to save, we hate to see our water rates go up. If the present company has been able to continue serving our community at the present rates, why will it be necessary to immediately raise them when the new company takes over? I realize as time goes by it is sometimes necessary to make adjustments, but it sounds like Suez just wants to price us to the max. I am very against this sale.
